

SENATE LEADER WINS IN A TEST

Fight Develops on Motion to Amend
Rules so Bills Could be Considered
After they were Killed

PARTY LINES SWEEP AWAY

Three Bills Advanced to Third Reading
in the Senate—Similar Number
in the House

(By United Press)
Indianapolis, Ind., Jan. 20—In a story session of the upper house of the senate legislature, Senator James J. Nedjil of Whiting today won out in his first test of power as leader of the Republican forces in the senate.

The fight came on the motion of Senator Perkins, Indianapolis democrat, to amend the rules so that bills could not be brought up for reconsideration after indefinite postponement in committee in the senate.

Party lines were swept away when Senator Daily, Indianapolis Republican and a group of republican-senators supporting him, deserted ranks and voted with the democrats in considering the Perkins motion.

Daily bitterly opposed Nedjil in Republican party caucus, preceding opening of the legislature for selection as president protem of the senate. Shaking his finger in the face of Senator Daily, Nedjil insisted that the fight be made to amend the rules was a challenge of his leadership.

"Whether these rules are amended or not is immaterial to me," shouted Nedjil.

"The whole question settles down to this, it is a fight to determine who is the leader of the majority?"

Turning to Daily, Nedjil said, "you are a member of the rules committee. Take them and amend them if you want to, I don't care."

After lengthy debate the Perkins motion, opposed by Nedjil with the regular republicans lining up behind him, was voted down 27 to 23.

Three bills were advanced to third reading in the senate and the same number to third reading in the house.

House bills which went to third reading included the measure to increase exemptions on real estate mortgages from \$1,000 to \$3,000 and the bill providing for a reassessment of all real estate in Indiana this year instead of in 1926.

Bills advanced to third reading in the senate included Senator English's bill to provide stringent penalties for drunken automobile drivers.

Under a bill introduced in the senate by Senator Sims of Terre Haute, no teacher in the public schools would be permitted to wear the

TRIO FAILS TO GIVE BOND, REMAIN IN JAIL

Rushville Men, William Morris, John
Barnett and Henry Jenkins, Face
Serious Charges

IN COURT AT NEWCASTLE

The three Rushville men who gave their names as William Morris, John Barnett and Henry Jenkins, were still held in jail in Newcastle today, unable to give bond on the numerous charges preferred against them, following an episode Saturday night near that city.

The machine in which they were riding crashed into another car driven by Ike Pate of near Newcastle. The trio was placed under arrest on a charge of being intoxicated, and on charges of violating the liquor laws, as police officers found a sack of liquor tossed in a fence corner. Most of the bottles were broken but officers are holding the sack, broken bottles and a small quantity of liquor found in one bottle, as evidence.

Mr. Pate was driving the other machine, and attempted to avoid a crash, but the other machine plowed into his car. Mr. Pate, who recently suffered a broken leg, was using crutches. When his daughter Miss Ruth Pate got out of the machine, she alleges that she was struck in the face by one of the alleged drunken men, and her father could not protect her on account of his injuries. The men will be held for trial.

CHILD STRUCK BY RAIL

John P. Connelly, 5, Suffers Bruises
in Mishap Monday

John Paul Connelly, age 5, was painfully hurt, but not seriously, when he darted in front of an automobile driven by Harry Levi, at the corner of Second and Pearl Streets, late Monday evening.

The boy is the son of Mr. and Mrs. Peter Connelly, Jr., 444 West First street, and he became confused when the automobile came upon him. The boy was struck by the radiator, but the wheels missed his body. He suffered a shock and many bruises about his body and face, with his right ear drum being ruptured. A physician was called, and his injuries were dressed, and he was reported today to be recovering as well as could be expected. The accident was said to be unavoidable.

QUARTET RECEIVED WITH ENTHUSIASM

Audience Shows Great Appreciation
of Indianapolis Musicians in Program Monday Night

INTEREST IS SUSTAINED

Numbers Reveal Remarkable Balance
and Blending of Voices—
Music Study Club Praised

Rushville music lovers enjoyed a rare treat Monday evening when they heard the program given at the Main Street Christian church by the Schubert Quartet of Indianapolis. In spite of the inclement weather the church was filled and the members of the Music Study Club by whom the concert was sponsored, felt that the enthusiasm and appreciation of the audience more than justified their efforts in bringing these prominent musicians here.

The quartet, composed of Bessie May Lowry, soprano; Ila Friermood, contralto; George Kadel, tenor; Fred Jeffry, baritone; and Bertha Miller Ruick, accompanist, was introduced by B. F. Miller, an honorary member of the Music Study Club. The program was divided into two parts—a group of sacred numbers and one of secular numbers. The first number, "Festival Te Deum," by Bach won the attention of the audience from the first and their interest and appreciation was not lost throughout the entire program. The quartet numbers "Now the Night in Starlit Splendor" by Denizetti and "Italian Street Song" by Herbert were brilliant and sparkling exhibitions of musical art and interpretation.

All the numbers revealed a remarkable balance and blending of voices, delightfully free flowing tones and great volume. One of the outstanding characteristics however was the control of this volume manifest in the contrasts of light and shade and in the easy rendition of soft tones in pianissimo work.

In the last number as well as in her solo work, Mrs. Lowry showed great range of tone and power as well as a clear quality and brilliancy. Mrs. Friermood rendered "Like As a Hart" by Allitson with an ease that greatly enhanced the rich celolike tones of her deep voice.

George Kadel's work was outstanding for his ease of manner, clear enunciation, true tones and a certain elusive quality, which always characterizes his singing. This was especially noticeable in the duet "Crucifix" by Faure, sung by Mr. Kadel and Mr. Jeffry.

Perhaps the most elaborate solo of the evening was "Vision Feigeline" by Massenet sung by Mr. Jeffry. The richness and depth of his voice was entirely in keeping with the number itself and he exhibited a splendid control of the volume and strength of his voice, as well as splendid technique.

The audience was disappointed that Mrs. Ruick, due to a severe cold, was not able to give the piano-logues as had been planned.

Certainly the whole concert was a splendid work of art and great thanks is due the Music Study Club for bringing this treat to Rushville, and that Rushville does appreciate this music was shown by the splendid response and attention.

After the concert the members of

TWO INSTITUTES ARE SCHEDULED FOR WEEK

Mrs. Ratcliff of Newcastle and
Maurice Lafuze of Liberty Will be
Speakers Both Places

AT CARTHAGE AND MOSCOW

Two township farmers' institutes are scheduled for this week—the first one at Moscow on Thursday and the second one at Carthage on Friday. The same speakers will appear at both institutes—Mrs. Ratcliff of Newcastle and Maurice Lafuze of Liberty.

Raymond Manche is chairman of the Ripley township institute and Robert Campbell is chairman of the Orange township organization. Both are offering prizes in a corn show and culinary exhibit to be held in connection with the institute. Farmers of Anderson and Orange townships, Rush county, and Liberty township, Shelby county, are eligible to exhibit at the Orange township institute.

Mrs. Ratcliff has always been interested in raising pure bred stock of all kinds, especially chickens. The Ratcliffs are one of the oldest breeders of White Leghorns in Henry county, and have been very successful exhibitors of fancy poultry. Mrs. Ratcliff comes very highly recommended as an institute speaker.

Mr. Lafuze is well known in central Indiana as he has been judging hogs and cattle at many of the county fairs during the past five years. He is associated with his father and one brother in operating a 450 acre farm near Liberty. The pen of Poland China barrows that won the sweepstakes ribbon over all breeds at the 1923 Indiana state fair was bred and exhibited by them. Mr. Lafuze displayed the prize winning single ear of yellow corn at the recent state show.

T. B. Gary, 90, Challenges B. W. Riley, 94 to a Foot Race

The Rev. T. B. Gary, who recently celebrated his 90th birthday, has challenged B. W. Riley, age 94, of this city, to a foot race as soon as spring weather appears. The Rev. Mr. Gary is exceptionally hale and hearty for one of his age and is now engaged in an enterprise that few young men attempt—raising a ton litter of hogs in six months.

Cross Word Puzzle to Appear Each Day in Daily Republican

A cross word puzzle will appear daily in the Daily Republican, beginning with today's issue, and the solution to the puzzle will be printed the following day.

One puzzle a week has been printed in the Republican, but in response to insistent demands and the growing popularity of cross word puzzles, arrangements have been made for the Republican to be supplied with a puzzle daily by NEA, Inc., of Cleveland, O.

Today's puzzle appears on Page 7. It will always be found on the classified advertising page.

Most newspaper readers are familiar by this time with the method used in solving cross word puzzles. When the correct letters are placed in the white spaces, the puzzle will spell words both horizontally and vertically. The first letter in each word is indicated by a number, which refers to the definition listed below the puzzle.

CATTLE CASE ON TRIAL IN HENRY CIRCUIT COURT

Complaint for \$10,000 is Under Way
in Newcastle of Jordan Against
A. P. Walker and J. F. Boyd

DEPOSITIONS GIVEN IN FRENCH

A law suit venued from this county to Newcastle is being heard in the Henry circuit court, having started Monday morning, with the selection of a jury. The action was brought here by Arthur Jordan against Alpheus P. Walker and John F. Boyd, involving a deal in cattle.

The suit was venued to Newcastle sometime ago, and a change of judge was secured in that court, with Judge Ellis of Anderson hearing the case with the jury. The case will require several days for trial, it is understood.

The suit seeks to replevin ten or twelve head of imported Jersey cattle and between \$10,000 and \$12,000 is involved in the litigation. The suit is unusual in that several depositions taken in French on the Isle of Jersey and then translated into English will be introduced in the evidence. No difficulty was encountered in securing a jury. Some of the testimony will be documentary, being the pedigree records of the cattle involved.

OPPOSITION TO CENSUS STILL FOUND IN COUNTY

Repeated Assurances Given That
Farm Statistics Will be Treated
As Confidential by Enumerators

FOR BENEFIT OF FARMERS

Opposition to the census of agriculture being taken throughout the United States is still reported in some parts of Rush county, although assurance has been repeatedly given that the information given to government enumerators will be held confidentially and will be used only for the purpose for which it is being gathered.

Howard M. Gore, secretary of agriculture, has addressed a letter to farmers, a copy of which has been received here, appealing to farmers to give prompt reply to all inquiries and in every way facilitate the work of the enumerator.

He explains that the census is being taken by the department of commerce in cooperation with the department of agriculture. The schedule of inquiry was approved by the department of agriculture and directed to determine matters of fundamental importance to the welfare of the agricultural industry. This census is needed as a basis for the annual crop estimates of the department of agriculture, and it is of great importance that the results be accurate. The totals of farm acreage land utilization, livestock, crops, etc., will show actual conditions during 1924 and will be used for the preparation of estimates for each year until the next census. It is being taken primarily for the benefit of the farmers.

Each high school in the county shall elect one delegate by ballot January 30, in case its county has representation in only one house of the Junior Legislature; in case the county has representation in both houses, there shall be two delegates chosen. In every case the delegate shall be chosen as a delegate to the Representative Convention or as a delegate to the Senatorial Convention, as the case may be.

Only students who have earned at least sixteen credits in solid subjects in classified high schools may be elected to the Assembly and all candidates for the Junior Legislature must have passing grades in at least three solid subjects for the previous semester and for the current semester. In counties having more than one member in the Junior General Assembly, at least one of these members shall represent the township high schools.

Plans are being made for adequate chaperoning of the members of the Assembly during their week in Indianapolis and a number of educational features, in addition to the actual routine work of the Legislature is also being arranged. The Junior Legislators will be given an opportunity of hearing some of the outstanding men of the state during the week.

Chicago, Ill., Jan. 20—Upon the order of the Chief of Police Morgan Collins, the inquest into the death of William "Billy" McClintock, "millionaire orphan," today was held open thirty days.

"I have obtained information that may shed some light on this case and for this reason want an opportunity for further investigation," Chief Collins said.

Robert H. Stoll, attorney for William Shepherd McClintock, former guardian, objected to the delay on the ground Shepherd already has suffered enough. Coroner Oscar Wolff overruled the attorney's action on command of Collins.

RENEWS SPEEDERS CAMPAIGN

Indianapolis Set Out to Stop the
"Pace That Kills"

Indianapolis, Jan. 20—Thirty-four auto drivers, caught in the police campaign to stop "the pace that kills," today were scheduled to appear in city court to receive heavy penalties. The thirty-four were taken within less than twelve hours after orders went out from headquarters to curb recklessness at any cost. The order followed death of Robert Gault, high school junior, in an accident in which half a dozen others were injured.

Police Chief Rikhoff was personally in charge of the renewed campaign against speeding and recklessness. "We are going to stop this 'pace that kills' if it takes every man on the force to do it," he said. Additional police autos and patrolmen were assigned to the speed squad.

SCHOOLS TO PICK ONE LEGISLATOR

Plans for Junior Law Making Body
Are Being Made Rapidly by the
State Education Board

REPRESENTATIVE FROM HERE

Other Counties Will Have Senators
and All Members Will Convene
For Week on March 23

Rush County will be entitled to one representative in the Junior General Assembly which will be held in Indianapolis during the week, commencing March 23, and at which time the high school students elected from each county will carry out a legislative program, as announced a few days ago.

Each high school in Rush county shall elect by ballot on January 30, its one delegate to the county convention. On February 14, a place will be designated for holding the county convention, and at this time the delegates will assemble to elect a representative.

As Rush county has been designated as having one representative, other counties around here have been listed as follows: Fayette, one senator; Henry, one senator and one representative; Shelbyville one senator; Wayne, one senator, one representative; Union, one representative; and Franklin, one representative.

According to the plans made by the State Department of Public Instruction, an exact replica of the 1925 General Assembly will be held by the Junior lawmakers, elected from the various high schools of the state. The chief object of the Junior Assembly is to create more interest among the high school students in Indiana government and civics.

In each county the Board of elections shall be composed of the county superintendent of schools; one principal and one teacher of History or Civics, both of whom shall be appointed by the county superintendent. This board shall be invested with all authority to conduct the elections for the Junior Assembly.

Each high school in the county shall elect one delegate by ballot January 30, in case its county has representation in only one house of the Junior Legislature; in case the county has representation in both houses, there shall be two delegates chosen. In every case the delegate shall be chosen as a delegate to the Representative Convention or as a delegate to the Senatorial Convention, as the case may be.

Only students who have earned at least sixteen credits in solid subjects in classified high schools may be elected to the Assembly and all candidates for the Junior Legislature must have passing grades in at least three solid subjects for the previous semester and for the current semester. In counties having more than one member in the Junior General Assembly, at least one of these members shall represent the township high schools.

Plans are being made for adequate chaperoning of the members of the Assembly during their week in Indianapolis and a number of educational features, in addition to the actual routine work of the Legislature is also being arranged. INCOME TAX BLANKS ARE RECEIVED HERE

Failure to Receive One Does Not Re-
lieve Taxpayer of Obligation to
File Return on Time

PERIOD EXPIRES MARCH 15

Returns Under New Revenue Act Re-
quired of Single Men With Net
Income of Over \$1,000

Income Tax in a Nutshell

WHO? Single persons who had net income of \$1,000 or more or gross income of \$5,000 or more and married couples who had net income of \$2,500 or more or gross income of \$5,000 or more must file returns.

WHEN? The filing period is from January 1 to March 15, 1925.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? Instructions on Form 1040A and Form 1040; also the law and regulations.

WHAT? Two percent normal tax on the first \$4,000 of net income in excess of the personal exemptions and credits. Four percent normal tax on the next \$4,000. Six percent normal tax on the balance of net income. Surtax on net income in excess of \$10,000.

Income tax blanks are being received here from the internal revenue collector's office in Indianapolis for filing 1924 incomes, and those who have not received one are advised to get in touch with the collector's office at once.

The period for filing 1924 income tax returns began Jan. 1 and will close at midnight March 15. Thousands of blank forms have been mailed to persons who were required to file returns for 1924, but failure to receive a form, however, does not relieve the taxpayer of his obligation to file a proper return on time.

Forms for filing individual, corporation, partnership, fiduciary, information and other returns required by the 1924 revenue act are now available at all offices of collectors of internal revenue and branch offices. A form designated as 1040A is used for reporting net incomes of individuals of \$5,000 or less derived chiefly from salary and wages, while a larger form, designated as 1040, is used for reporting net incomes of individuals in excess of \$5,000, or net incomes, regardless of amount, if

JURY HEARS ACTION OF JOYCE AGAINST GEORGE

Third Attempt to Collect Judgment
For \$25 Attorney Fees, is Heard
in Court Today

POSSESSION SUIT IS FILED

A jury was hearing a case today in the Rush circuit court, the action being the case of John E. Joyce against Chester M. George, the complaint being for \$25 attorney fees, and today marked the third trial in the case.

The case was first tried in Justice Stech's court where judgment was entered for the plaintiff, and it was appealed to the circuit court for another trial. In this court it was heard sometime ago, and the jury disagreed, which placed the case on trial again today.

The evidence was completed this afternoon and the case given to the jury. The twelve jurors selected were William C. Morgan, Daniel Power, J. R. Publow, William Moore, Wilbur Stevens, Rufus Rhodes, George Hardesty, C. E. Inlow, Bert Oneal, Miller Whitten, Ross Schrader and Joe Shoeke.

Among the new business in court is a complaint by Della Ryon against Frank M. Warner, the action being for possession of real estate, and for \$100 damages for the retention of the land.

"Revelation" at Castle

"The most satisfying picture of the year," describes Metro's special production, "Revelation," opening Wednesday at the Castle theatre. Story, cast and direction, are all three of extraordinary worth, so that the spectator comes away from the theatre feeling that he has seen something head and shoulders above the ordinary feature.

Motion picture fans have been saying all along that the crying need is better stories. They are answered in "Revelation," for the story, which was written by Mabel Wagnalls, is a classic of the screen, and is destined to stand out as one of the milestones in film history.

With such a story to work on, the chance was there to make a great picture, and George D. Baker, the director, never let an opportunity slip by. His good taste and tenderness in handling the subject is always manifest.

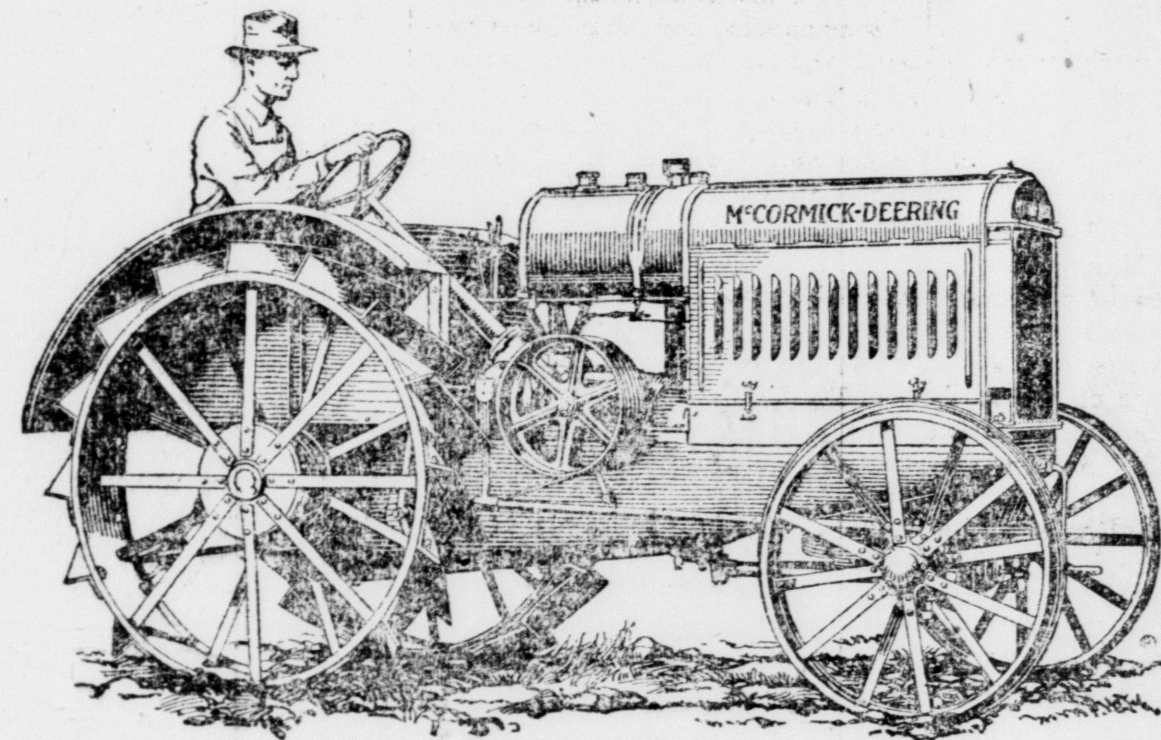

The picture is superbly acted by a real all-star cast that includes such favorites as Viola Dana, Monte Blue, Lew Cody, Marjorie Daw, Frank Currier, Edward Connelly, George Siegmann, Kathleen Key, Otto Matison, Bruce Guerin and Ethel Wales. The actors all seemed inspired, Viola Dana and Monte Blue, who carry the chief acting burden, doing by far the best work they have ever contributed to the screen.

The picture centers on a beautiful legend of an old French monastery. A monk planted a rosebush, and when it did not bloom, he thought it was because of his sins. When he was praying one day the Virgin appeared to him, the bush blossoming forth afterward as a sign of forgiveness.

CORDON OF DEPUTIES GUARDING THE JAIL

Extra Precaution Taken to Prevent Escape of Gerald Chapman, Mail Robber and Safe Blower

TO BE RETURNED TO ATLANTA

Romances of His Adventures as a Crook De Luxe Securely Locked Within His Breast

(By United Press)

Indianapolis, Ind., Jan. 20—Five heavy steel doors and a cordon of deputy sheriffs at the Marion county jail today stood between Gerald Chapman, mail robber and safe blower, and any further attempt to gain his freedom.

Fear that Chapman would try to break jail during the night caused Sheriff Hawkins to place the heaviest guard over Chapman that has ever watched an individual prisoner in the jail here.

The deputies stood watch throughout the night over the bull pen in which Chapman slept and the corridors leading to the jail entrance.

Every door in the jail was locked and closely guarded.

Chapman is being held without bond awaiting the arrival of two deputy wardens from the federal penitentiary at Atlanta, from where he escaped a second time in April, 1924.

The wardens were expected to arrive in Indianapolis late today. It is understood that they will start back to Atlanta with their prisoner some time tomorrow, but closest secrecy surrounded plans for the return to Atlanta to thwart any plans confederates of Chapman may have to attempt to rescue him.

Linus P. Meredith, United States marshal, said there would be no hearing on the removal of Chapman to Atlanta unless the prisoner starts court action to secure his release. Chapman has taken no steps toward fighting removal.

Opposition to Chapman's return to Atlanta, however, was in prospect following a report that two detectives were on their way to Indianapolis from New Britain, Conn., where Chapman is charged with the murder of a policeman during a robbery last October.

Local federal authorities, however, had had no direct word from the prosecutor in New Britain early today and were going ahead with their preparations to return him to Atlanta.

Chapman's secret of success in the underworld, the inside story of how he looted a mail truck of \$2,400,000 in New York three years ago, the romance of his adventures as a crook de luxe, were locked within him today as securely as he was locked in Marion county jail here awaiting return to Atlanta federal prison.

Chapman held his silence as thoroughly as he planned each robbery, large and small, that he perpetrated—as thoroughly as he planned every move since he escaped twice from the Atlanta prison until he was recaptured in Muncie, Ind., late Sunday by a squad of city detectives. He refused positively to talk regarding his case either to federal officers or newspaper reporters.

In a rather sullen, detached manner, Chapman parried each question with an answer that meant nothing or with the gentlemanly remark in a modulated voice "I'd really like to accommodate you, but, you know, I cannot."

Wearing a blue serge suit, neatly pressed, an expensive cravat and with his shoes carefully polished, Chapman drew a contract with the other prisoners in "federal row" at the jail. He carried out the reputation of being a scholarly gentleman which led to his being called "the count of Gramercy Park" when he lived in New York.

Chapman, a thin tall man, with few if any traces of smile in his countenance, talks quietly and is the opposite type from his predecessor, Jesse James. He is reticent and gives the impression of being shrewd. His face is thin, his forehead sloping. Chapman said he is thirty-seven years of age.

The reason for his silence was said by officers who are familiar with the prisoner to be a desire to say nothing for fear he might implicate others in his gang. Chapman said "hates a yellow squealer."

The gentleman crook's taste of freedom since he escaped from Atlanta six months after he started a twenty-five year stretch for looting the New York mail truck, and then the reversion to the unpleasant scenery of bars and more bars, left its stamp on him. He talked with the other prisoners who regard him as a prince of crooks, but he was telling

INCOME TAX BLANKS ARE RECEIVED HERE

(Continued from Page One)

derived from a business, trade, profession, or from farming.

Returns under the new revenue act are required of every single person whose net income for 1924 was \$1,000 or more, or whose gross income was \$5,000 or more, and of every married person whose net income was \$2,500 or more or whose gross income was \$5,000 or more. Under the 1921 act returns were required of every married person whose net income was \$2,000 or more. The 1924 act provides that if a husband and wife living together have an aggregate net income of \$2,500 or over or an aggregate gross income of \$5,000 or over, each shall make a return, or the income of each shall be included in a single joint return, in which case the tax shall be computed on the aggregate net income. Married persons not living with husband or wife, such as divorcees or persons separated by mutual consent, are classed as single persons.

There is no change in the personal exemption for a single person, which is \$1,000. Married persons, living with husband or wife, and heads of families are allowed an exemption of \$2,500, regardless of the amount of net income, provided they were married or the heads of families during the entire year. Under the 1921 act the exemption for married persons and heads of families was \$2,500 if the net income was \$5,000 or less and \$2,000 if the net income exceeded \$5,000. No change is made in the provision allowing a taxpayer, in addition to his personal exemption, a credit of \$400 for each person dependent upon him for chief support, if such person is under 18 years of age or incapable of self support because mentally or physically defective. This \$400 credit is not allowed for the husband or wife of a taxpayer, though one may be totally dependent upon the other.

The normal tax rate in the case of a citizen or resident are two percent on the first \$4,000 of net income in excess of the personal exemption and other credits provided by law, four per cent on the next \$4,000 and six percent on the balance. Under the 1921 act the normal tax rates were four percent on the first \$4,000 of net income above the exemption and credits and eight percent on the remainder. The surtax rates under the 1924 act apply to net incomes in excess of \$10,000, while under the preceding act they applied to net incomes in excess of \$6,000.

The revenue act of 1924 contains a special provision for reduced taxes on "earned income" which did not appear in previous acts. All net income up to \$5,000 is deemed to be earned income. On this amount the taxpayer, if an individual, is entitled to a credit of 25 percent of the amount of the tax. In no case will the earned net income be considered to be more than \$10,000.

Cursing or Blessing?—Cursed be the man that trusteth in man, and maketh flesh his arm, and whose heart departeth from the Lord. Blessed is the man that trusteth in the Lord, and whose hope the Lord is.—Jeremiah 17: 5-7

Prayer:—O Lord, Thou art our strength and our everlasting reward.

Not a Panacea

Taxpayers who believe that the reassessment of real estate in Indiana, which has been ordered by state board of tax commissioners, is a panacea, or even a partial cure for taxation ailments, are due for very great disappointment when they pay their taxes next year.

Valuations put on real estate and improvements or personal property do not change the amount of taxes paid, taken as a whole, because if the valuations are lowered, the rate has to be raised in order to raise the required amount of taxes.

If there are some specific instances where real estate has been assessed too high, a reduction in assessment would reduce the amount of taxes paid by the owner, but any general cut in valuations will be offset by an increase in rates, providing the same amount is needed for the expenses of government.

There are doubtless instances in Rush county where farm land is assessed too high, because it is said by persons who have followed the situation closely, that only one farm in this county has sold for more than it is assessed, during the past year. This does not necessarily mean that all farms are valued too high for taxation purposes. There are scores of farmers who would not sell their farms for the figure at which they are assessed.

The reassessment will be of some value in readjusting the valuations, but no one must lose sight of the fact that any wholesale cut will raise rates, not lower taxes.

No one should make the mistake of expecting something they will not get and then be disappointed. All too many hold to the view that if they can get their assessment cut down, they have put something over on their neighbor and got a reduction in taxes.

But when your neighbor and your neighbor's neighbor and your neighbor's neighbor's neighbor, ad infinitum, are all successful in having their assessments lowered, no one has been benefited by all of the energy that is wasted.

Assessments do not make taxes. We pay taxes to meet the expenses

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

of government, and the only way taxes can or ever will be reduced is to lower the cost of government.

It's not possible to get a reduction in assessments in the morning and go out and put through a petition for a new road in the afternoon, and then pay less taxes the following year. No one has ever invented a way to lower taxes without cutting down the thing that lives on them—expenses of government.

Finding a Calling

The chairman of the board of directors of the largest bank in the middlewest tired of "chewing calico" in an Iowa general store, as a young man, and went to Chicago to seek his fortune in "the big city."

He never liked the taste of calico as a general thing or he might have been sweeping the store yet, but he did develop a taste for checkered calico, which may have given him a hankering after checks.

As a clerk he was required to chew samples to show customers that the colors wouldn't run. His sense of taste rebelled and that's one of the reasons he was able to celebrate his sixtieth birthday at his desk recently and advise young men how to win a success in life.

All young men can't be clerks in general stores and have fate steer them into their natural calling because their taste was offended.

But all young men can select the business or profession they want to follow and stay with it until they climb to the top. They can't all be at the top, but there is plenty of room near the top and it is never crowded.

The parking space at the bottom is always jammed, but after you get a few rounds up the ladder, you will be able to breathe easier, because of less resistance. However, it is necessary to keep plugging and hold on tight because the higher you get, the harder you fall, when you lose your grip.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Writer

WASHINGTON — The fellow who locked the door after the horse was stolen had nothing on Senator Nathaniel B. Dial of South Carolina.

Dial tied the tag after he'd spilled the beans.

It was Dial who, under lambasting by his Democratic colleagues, "withdrew from the Record" a speech in which he had virtually preached a funeral oration for the Democratic party.

The things he said about Democrats and Democracy, as demonstrated during the late campaign and since were more scathing than anything the most rabid Republican opponent in the Senate ever had laid his tongue to. For instance:

"We have fallen into shifty opportunism, seizing every day of the moment, yielding to every pressure from lobbies and galleries, veering to every wind that seemed to promise popularity, regardless of the direction from which it blew.

"We have infected ourselves and our party with political miasma and pestilence.

"We have been obstructing everything and constructing nothing."

THAT is only a small sample of the arraignment of his party of which the South Carolina senator unburended himself. He came to the job, he admitted, as to a confessional, saying:

"Confession of sin is the necessary step toward penitence."

And he closed with a bouquet to the standard bearer of the Republican opposition, thus:

"It is a mortifying, bitter truth that the quiet and close thinker in the White House is a better Democrat in many essentials, more in accord with the foundation principles of the Democratic party, than many men who have gained high and honorable places as ostensible Democrats."

"What's the use of having rules if they are not used?" Van Orman asked. "Let's follow them as long as we have them."

Frederick Schortemeier, secretary of state, has returned to the legislature four constitutional amendments brought up after passage by the last legislature.

They provide for a uniform method of registration of voters, give the state the right to levy an income tax authorize the legislature to make the term of all state officials four years, using the vote on secretary of state for statistic purposes instead.

A bill sponsored by the board of state charities for the establishment of a psychiatric hospital at the Long Hospital here will probably be ready for presentation in the legislature by Monday, it was announced today.

The bill would call for an appropriation of \$250,000 and will be introduced by Senator Oliver Holmes, of Gary.

The bill has been presented in every session, of the legislature since 1919 and failed, either because other large state appropriations have stood in its way or members of the legislature have been unacquainted with it, charities officials declared.

Coughs Always Dangerous—Quick Way to Stop Them

Chronic coughs and chest colds often lead to more serious trouble. Not only is the infection itself dangerous, but the continual coughing spells day and night so weaken your entire system that you can no longer fight off disease.

So stop a cough the quickest way you can. To do this there is nothing better than that old-time tried and proved remedy—Dr. Bell's Pine-Tar Honey. Doctors say there is nothing like pine-tar extract to quickly loosen and remove the phlegm and congestion which are the direct cause of the cough, while the honeyboth gives a pleasant taste and helps soothe irritation.

A quick relief to the stubbornest cough often seems almost magical.

But be sure you get the genuine Dr. Bell's Pine-Tar Honey, and no substitute. Dr. Bell's is the original pine-tar honey and has been known for over a quarter of a century as the best. It is scientifically compounded of just the right proportions of pine-tar, honey and other quick-acting, healing ingredients which the best doctors have found to aid in quick relief. Contains no opiates or other harmful drugs, so can be given even to young children—line for spasmodic croup. If you want the best, a medicine that often relieves the severest cough overnight, make sure you get Dr. Bell's. Only 30c at any good druggists.

DO YOU OVERLOAD YOUR STOMACH?

Di-Jo Aids Digestion and Assists Your Stomach in Digesting Food

An overloaded stomach is dangerous. Many people have chronic indigestion and they can't eat much—in fact can't eat enough to properly nourish the system. If you have gas on the stomach, heartburn, sour stomach, or any of the other common symptoms, you'll be glad to know that Di-Jo will aid you in securing relief.

But remember this, that however strong you may be, however confident you may be of your ability to digest heavy meals, an overloaded stomach always precedes ACUTE INDIGESTION. Chronic indigestion is bad enough but ACUTE INDIGESTION is infinitely worse and is often fatal.

If you have eaten a heavy meal, take a few Di-Jo Tablets. They will almost instantly relieve that heavy feeling, will relieve the distress which overeating causes and give your stomach the relief it is crying for.

KEEP DI-JO IN THE HOUSE AND IF YOU DINE AWAY FROM HOME, KEEP IT WITH YOU. YOUR STOMACH IS THE MOTOR OF YOUR BODY. IF YOU CHOKE IT TOO MUCH IT MUST BE AIDED. DI-JO WILL GIVE ALMOST IMMEDIATE RELIEF. GET IT TODAY OF ANY DRUGGIST.

If you are troubled with constipation take DI-VAC. It is sold by all druggists and is recommended as the proper laxative to be used in connection with Di-Jo, if any is needed.

Very wise indeed!

NEW PLAYERS TO HELP ATHLETICS

Connie Mack is Jubilant Over Prospects for His Philadelphia Team, With New Joiners

PITCHING STAFF IS HEAVY

Old Timers and Some New Ones, Together With Heavy Hitting Fielders Look Good on Paper

By J. S. WASNEY
(U. P. Staff Correspondent)

Philadelphia, Jan. 20.—Jubilant over what he considers a greatly improved team, Connie Mack believes the sky is the limit as far as the Athletics chances this year are concerned.

Mack has acquired a number of new performers with imposing minor league records and together with the late season showing of the A's last year after a discouraging start, it begins to look as though Philadelphia once more will be represented on the baseball map.

Most of the veteran's hopes are based on his hurling corps. In addition to Rommel, Harris and Gray and southpaws Baumgartner, Heinach and Meeker, "Lefty" Groves, expensive acquisition from the Baltimore club of the International League, will be on hand. These flingers and at least ten rookies will assemble at Fort Meyers, Fla., March 1.

The catching department, already strong with Perkins and Bruggzy doing the bulk of the work, will be augmented by Cochrane, of Portland. The Pacific Coast Leaguer is rated as a first rate backstop who can hit.

There probably will be a few changes in the infield. Hauser will be at first, Bishop at second, Galloway at short and Dykes will take care of the hot/corner with Sam Hale and Marvin Smith available for relief duty.

Bishop was ill most of last season and it was necessary to play Dykes on second and Hale on third. Mack believes that his inner defense will be considerably strengthened with Bishop a regular and Dykes at his usual post.

Lamar, Simmons and Miller are slated to retain their garden berths, with Welsh the principal understudy French and Bagwell, from the Texas League, will make a try for outfield jobs.

Followers of the Athletics are taking hope in a situation in which the four teams which finished above them in 1924 were all veteran aggregations whereas Mack has a comparatively young team.

"Washington, Cleveland, and St. Louis may slip back when the old timers fail, but the signal is all set for Philadelphia to go forward.

At any rate there is more hope for the Athletics today than any time since they knocked off the pennant in 1924.

SPORT CHATTER

Carey, Ill.—Norman Berger, Canadian champion, together with the Haugen brothers, Anders and Lars of Minneapolis are late entries in the international ski jump which will be staged here Sunday.

Chicago—The Chicago White Sox have signed exhibition games with New Orleans of the Southern Association for March 31 and April 1, and with the University of Louisiana April 2.

Bloomington, Ill.—Harold Wallace, tackle, became a captain of the Illinois Wesleyan grid team at an election last night. Wallace comes from Rock Falls, Ill.

Milwaukee—Coach Frank J. Murray, for three years Marquette grid mentor may go to Washington University, St. Louis. Washington athletic authorities have made Murray an offer which he says he may accept. Marquette lost two games in the three seasons he coached the Golden avalanche.

Chicago—Mike Romano who claims the Italian heavyweight mat title, today signed to meet Hassan Volkoff, Bulgarian champion, here Friday night. The winner will challenge Munn, new worlds title holder.

FOR CHAPPED AND SORE HANDS

One of the most annoying troubles at this season of the year is chapped hands and face. California Leads in Football

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Jan. 20.—If comparative scores can be taken at their face value in appraising the quality of football—and there is no other way by which comparisons can be computed—the Pacific Coast is the national football leader in theory and in practice.

As a result of post-season sectional games between California and teams representing the East and Midwest, it was shown that only a wonder team, such as carried the colors of Notre Dame last season, can compete with the class of football that has prevailed on the far western coast for several years.

Missouri University, champions of the strong Missouri Valley Conference and a victor over Chicago University, the champions of the Western Conference, was beaten by the University of Southern California. Syracuse, a strong Eastern team, that did not live up to early season expectations, was also downed by the same Southern California eleven.

Pennsylvania University, considered by its boosters and many critics to have been the best team in the East, was beaten rather easily by the University of California, a remarkable team that hasn't lost a game in five years. There are some experts who did not agree that Pennsylvania was the best of the Eastern teams, as Yale and Dartmouth were not defeated, although Yale was tied twice and Dartmouth engaged in one no-decision contest with Yale.

Pennsylvania, however, was a good team and at least one of the three best in the East and when California defeated Penn it scored a victory over a representative Eastern team in a year when there were several very fine teams in the East.

Notre Dame's fine victory over the good Stanford eleven was the only important game in which that section east of the Rockies showed to any advantage in competition with the California organizations.

New York—Officials of the New York Yankees and the St. Paul American Association club are expected to reach a working agreement at a conference today which will make a Yankee farm out of the Stans. Bob Connery, former chief scout of the Yankees, recently bought the St. Paul club.

South Bend, Ind.—Notre Dame students will set up a memorial tablet to perpetuate the names of the 1924 national championship grid squad, at a celebration Friday night in honor of the team. Jimmy Crowley, one of the four horsemen who has been ill in San Francisco will be here for the blow out.

Minneapolis—John Farieci, Olympic breast stroke swimmer has been declared eligible for Big Ten competition here. He left the University of Minnesota to compete for the Illinois A. C. to prepare himself for the Paris games.

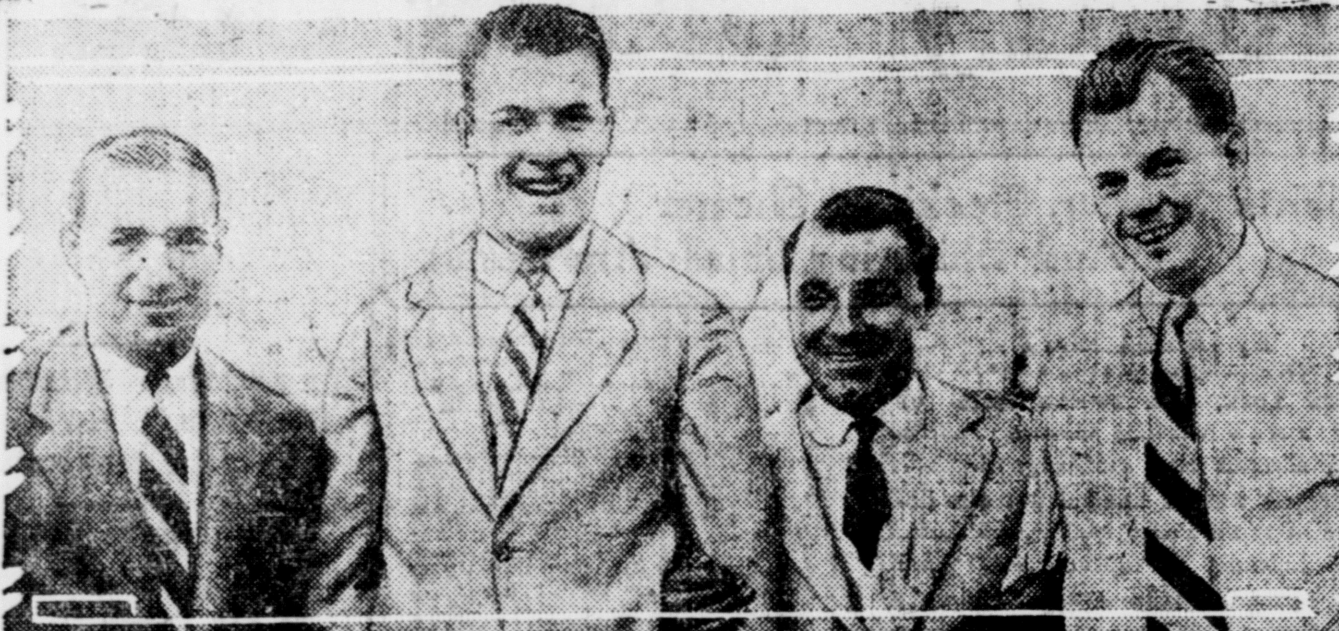

Chicago—Bill Abbott, quarterback of the Maroon football team and center on the basketball squad, has been selected as chairman of the 1925 national interscholastic basketball tournament to be held here April 1-4.

Famous Golfer

Robert Gardner, famous amateur golfer of Chicago, is almost certain to be elected first vice president of the United States Golf Association at the coming meeting, which practically means he will hold down the executive chair in 1926.

Four Champions Ready for Round of Golf

Here are four champions in golfing attire. Leo Diegel is 1924 Canadian golf title holder, Gene Tunney holds the light heavyweight honors, Gene Sarazen is former national golf champion, while Arnold Johnson, famous orchestra leader, is the "king of jazz."

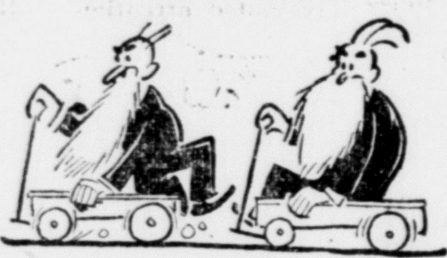

UP AND AT 'EM THIS WEEK. GANG! PREPARE FOR THAT BIG TOURNEY OVER AT CONNERSVILLE SATURDAY. WE WANT THAT MUG.

The hardest game this week is being played now. Old man exams come first. If he wins, then look out.

Newcastle also is ending their semester this week, and promise to have several new faces in their lineup.

The essay contest sponsored by Hardwood in the Indianapolis Star, deserves mention. If the schools of Rush county uphold true basketball sportsmanship, then some high school in this county should win the prize for the best essay. Go to it, and win the honors.

AN EARLY START

Bill Thornburgh and Robert Gordon, sport scribes on the Newcastle Courier, are off to the Connorsville tourney. They got an early start on the Lake Erie, and will be there in time for the opening game.

So far as we know, New Palestine won the invitational tourney up at Falmouth Saturday night, because we didn't get any more word about the all day affair. Someone said the score was New Palestine 33 and Fairview 21 in the final game.

May Book Washington Here Next March

An attempt to get Washington high school to play here February 27, is now being made by E. B. Butler, high school principal. That is, the night that Liberty plays here, and the second team can handle that situation. Washington has won 14 straight games, with their latest victim being Jeff of Lafayette 40 to 23. The Lafayette team on the week before swamped Bedford, and a few weeks before held Anderson to one point, 42 to 41. The comparative scores show that Washington is fast, and as February 27 is the week before the tourney, a fast team should be played in order to keep the old fight up until the very end.

Newcastle high school has completed their 20 game schedule for next year. Only one game is scheduled with Rushville, to be played at Newcastle Nov. 27. The custom of booking only one game with each team is being followed out closely with most teams, because in this manner more territory can be covered in a season.

Rushville's eight game football ball schedule will be announced in a few days. Watch for it.

The brick mason has run out of bricks. More dimes needed for that new gym.

BUT BIG TENS DON'T WIN GAMES. THE THING TO DO IS FIGHT 'EM CLEAR THROUGH, AND LAND IN INDIANAPOLIS AS ONE OF THE BIG SIXTEEN.

Rushville Loses Their First Game

The following comment from "The Schuyler Citizen", is of interest here: "Rushville high school lost her first basketball game of the season last Friday night to Versailles. The 14-15 score shows that the game was exciting, interesting and hard fought. At the end of the first quarter the score was 4 to 4; at the end of the half 8 to 10; at the end of the third quarter, 12 to 11; at the end of the game 14-15.

"Rushville high school has no alibies and wishes to congratulate Versailles on her clean playing and good sportsmanship. The Clayton high school will journey to Rushville and meet the locals on Saturday night. Mr. Sterling was to have played, but were forced to cancel, due to the fact that their gymnasium is not ready."

The above concerns Rushville, but it happens to be our name sake over in Illinois. Glad to learn that they have a good team, which has lost only one game, and that by one point.

Morton of Richmond sure has a terrific kick in the last half: when Rushville played there, the locals were leading 19 to 11 in the first half, but Richmond came back in the second half and tied the score, causing it to go overtime. Then Shelbyville last Friday was leading 16 to 11 at the first half, but in the last half Richmond again put forth their kick, and won out 27 to 23, holding Shelbyville to 2 field goals in the last half.

The Richmond Palladium comments on the game, stating that it was another hair-raiser, with the only difference between it and the Rushville game being, that they defeated Shelbyville in a regular 40 minute game, and in the Rushville game was forced 5 minutes overtime.

PICKS HIS WINNER

Dear Hittin' 'em—

Just a little dope on the district tourney next Saturday. Bearing in mind he fact that the halves (except the final game) are just fifteen minutes long, one should not expect the scores to be as large as in regular games.

Then there are several other reasons, too. The team playing might not be putting its full force into the game. They might be getting used to the large floor, the goals, the lighting system or several other minor reasons.

Of course this only counts in the first (morning) round because that is the only round in which the weaker teams play. So, for my part, I offer the following scores:
Connorsville 30; Winchester 19
Rushville 36; Brookville 14
Greensburg 36; Liberty 12

SPEEDY ACTION IS NOW BEING URGED

Steering Committee in State Legislature is Seeking to Hurry Bills Through Committees

FIRST BILL IS PASSED

Measure Vetoed by Gov. McCray, Licensing Podiatrists, Now Becomes a New Law in State

(By United Press)

Indianapolis, Ind., Jan. 20.—Preparations were being made today by the steering committee appointed in the state house of representatives to hurry bills through committees so they may get speedy action on the floor of the legislature.

The first bill to pass the seventy-fourth general assembly passed yesterday when the senate voted favorably on the bill authorizing the licensing of podiatrists by the state board of medical examiners. The bill was passed by the last legislature but was vetoed by Governor McCray. The bill now becomes a law.

Despite the fact that the sessions in both houses were short yesterday afternoon, fourteen bills were introduced in the senate and nineteen in the house.

Senator Holmes, of Gary, introduced the two principal bills in the senate. One would regulate the sale of firearms and the other would appropriate \$250,000 for the construction of a psychiatric hospital in connection with the Robert W. Long hospital.

Two more bills to increase the power of the public service commission were also introduced. One offered by Senator Cann, of Frankfort, would prevent utilities from diverting depreciation funds to capital stock so that they can demand increased rates on a capitalization basis. The other introduced by Representative Mendenhall and Clark, would give power to the commission in regulating the finance of utilities.

Codification and revision of the state fish and game law is sought in a bill introduced by Senator Penrod, of Logansport.

To date 130 measures have been introduced in both houses, seven have advanced to engrossment ready for third reading and passage, and one joint resolution has been passed to engrossment.

YOUNG MAN WELL KNOWN HERE COMMITS SUICIDE

Dwight Bronson of Shelbyville Shoots Himself, Following Questioning by Police

24 HIGH SCHOOL GRADUATE

Dwight Bronson, son of Mr. and Mrs. Warren Bronson, of Shelbyville committed suicide Sunday night at his home in that city, humiliation and despondency, being given as the chief reasons for the death. The deceased was only eighteen years of age, and was a prominent young man of Shelbyville and was well known in this city, having visited here on a number of occasions.

It is believed that the shot was fired about 10:30 o'clock Sunday night, as his mother found him in an unconscious condition about that time and he was immediately taken to the Major hospital where the death occurred about 12:20 o'clock.

An unfortunate occurrence in the downtown district Sunday night is thought to have been the cause of the young man's act. He and a companion were questioned by police Chief Thompson of Shelbyville, whose attention was attracted by their names on West Jackson street. He stated that neither of the boys were intoxicated, but both had apparently been drinking. Both boys were ordered to appear in the police court Monday morning for questioning in regards to the source of the liquor being furnished the young men. Mr. Bronson shot himself with a 38 calibre revolver, the bullet entered the right temple, passing through the head and emerging from the left temple.

He graduated from the Shelbyville high school last spring and during his school career had been prominent in class athletics. Besides his parents he is survived by two sisters, Justine and Betsy Jane. Funeral services will be held Wednesday afternoon at two o'clock at the late residence 134 W. Franklin street.

Chicago—Wayne Munn, newly crowned heavyweight wrestling champion, left for Kansas City today to prepare for a theatrical engagement, which will start the latter part of this month.

INDIANA SCHOOLS RANK 4TH IN U. S.

Hoosier Schools Jumped From Seventeenth Place in 1918 to Fourth Place Last Year

THREE LAWS WAS CAUSE

School Attendance Law, Minimum Wage Law and Johnston Home Rule Bill were Responsible

Columbus, Ind., Jan. 20.—Indiana schools rank fourth among the schools of the nation, according to an article published today by the Indiana Teacher, official publication of the Indiana State Teachers' Association.

The Hoosier schools jumped from seventeenth place in rating among the schools of the various states in 1918 to fourth place last year, the article says, and is preceded only by California, New Jersey and Ohio.

The rating is made in a survey conducted under the supervision of the Russell Sage Foundation in which data compiled by the United States Bureau of Education is used. "The shift of Indiana from seventeenth place to fourth place was not an accident nor the result of local initiative or leadership," the article says. "It was the result of three carefully planned laws which were formulated and urged by members of the teaching profession and passed by the legislature because the need of such legislation was convincingly demonstrated by school men and women of the state.

"The three measures were the school attendance law, the minimum wage law of 1920 and the so-called Johnston home rule bill.

"The latter measure prevented financial disaster in hundreds of Indiana school corporations and made possible the large advance of Indiana under several points considered in rating the schools.

"Indiana's present educational rank is largely due to the initiative and public spirit of members of the teaching profession and it is safe to say that every important advance in school legislation and practice since 1852 has been due in large part to the efforts of professional organizations of teachers.

"A careful study of available statistics clearly shows that Indiana would have ranked second had a modern county unit system of rural schools been in operation."

The points on which the rating is made are:

1. Percent of school population attending school daily.
2. Average days attended by each child of school age.
3. Average number of days schools are kept open.
4. Percent that high school attendance is of the total attendance.
5. Percent of boys in high school in comparison with girls.
6. Average annual expenditure per child attending.
7. Average annual expenditure per child of school age.
8. Average annual expenditure per teacher employed.
9. Expenditure per pupil for purposes other than teachers' salaries.
10. Expenditures per teacher for salaries.

Skirts Shorter, Stockings Sheerer And Shivering Shins Are Result

By HEDDA HOYT
(Written for United Press)

New York, Jan. 20—In spite of New York's wintry blasts, skirts grow shorter and stockings sheerer. American women needed but one little hint from Paris that short skirts were actually in again and hems flew upwards, first along Broadway and then along the avenue. And do not believe for a minute that their is an age limit on skirt lengths! Even mother is shortening her hems while the ex-flapper considers two inches below the knee a moderate length.

Every woman is as old as her skirt length these days. Of course, there are a few respectable and bespectacled standpaters who keep their hems within a two-inch range, regardless of the styles. When skirts are short they raise their hems an inch, conceding that much to style. Then there are a few women of the on-the-fence type, who linger along at a half pace, never exceeding the ten-inch hem limit, but the fashionable progressives accept the short skirt verdict with glee, as they carry out their slogan "the knee is the limit."

If one were asked for the most conspicuous style on the avenue today she would say "legs." For whether skirts are stant, or full and circular, they are an inconspicuous part of the scenery. Stockings are as sheer as ever if not more so and shoes this season are as lovely as the manufacturers can make them. The old woolen stockings and flat heeled walking boots of a season or two ago, are decidedly passe. They flew with the flapper and are no more. In their place we have satin shoes and guaze hosiery of a matching shade.

Since the majority of frocks, ensemble suits and coats this year are bordered in fur at the hem, the short skirts do not look as though one had run out of material. Fur borders give them a finished appearance.

One can not be too careful about the appearance of one's feet this season as short skirts demand good-looking footwear. Plain patent pumps with gummetal hosiery are smart and brown leather with matching hosiery is also popular. Shoes of cut-out type are eldom worn by smartly gowned woman, however. Vamps are shorter, if anything, and heels are moderately high. Suede shoes have many followers and velvet is again being worn. For afternoon wear shoes made of a very light shade of brown satin are extremely chic, especially if brown be the leading color not of one's costume. Still a lighter shade called "blond" satin is worn for evening, although the silver slipper is still generally popular.

Evening capes of vivid velvet are fully as popular and equally as pretty as the most costly ermine wraps which have had such a following. Many of the fashionables who gather nightly at the Metropolitan Opera House are wearing lovely velvet wraps in preference to those of fur. So many women in New

Sues Professor

Prof. R. Cresap Journey of North Carolina State Agricultural College kissed his wife, Mrs. Helen Journey, now of Oak Park, Ill., before each meal. But with every smack, he pinched her back so forcibly the osculation didn't register. Mrs. Journey charges in her divorce petition. She also accuses the professor of trying to bribe a college student to take her away. But in his cross-bill, Journey charges his wife was too friendly with the student.

York possess real or imitation ermine wraps that they are no longer conspicuously beautiful. Whenever a style becomes over-popular or is duplicated in cheaper material, it loses its style value.

That is what put the seal coat out of vogue and that is what is happening to the ermine wrap. The majority of velvet wraps are in brilliant colors, such as red, coral, peacock, green, etc. They are generally made in cape effect, as this year's evening wrap is the sleeveless wrap-about garment. Collars are either of fur or of ostrich of self-shade. Recently such combinations as green velvet with green marabou collars have been noted in the Metropolitan's audience.

Evening gowns are simple affairs relying upon straight lines and lovely material for their chic. Most gowns are beltless, sleeveless and short hemmed. Necklines are still rounding and cut rather higher in front than in back.

Huge ostrich fans grow gayer in color at each performance of the Opera and more women are carrying them this season than previous seasons. It seems one can't go to the opera without a fan, regardless of the drafts which come through the doorways and give one the sneezes. The boxes are just one fan after another until one rearranges the nursery rhyme to—"Mother, may I go out tonight?" "Yes, my darling daughter—Hang your fan on the balcony box And hold your head with hauteur."

IS HOLDING REVIVAL HERE

The Rev. Joseph D. Waters of Zanesville, Ohio, who opened a series of revival meetings at the Main Street Christian church Sunday, to continue the remainder of the week, is characterized by Zanesville newspapers as "a profound theologian and eloquent orator."

His sermon Sunday morning on "The Transfiguration" was pronounced by many to be one of the best sermons they ever heard and the sermon Sunday evening, "The Great Salvation", made a profound impression.

The audiences Sunday were the largest the church has had for several weeks. An attendance of 600 at the Sunday school next Sunday morning has been the goal set.

Evangelist Waters is a native of North Carolina, a graduate of the College of Bible at Lexington, Ky., a former editor of the Watch Tower, state evangelist of North Carolina and has preached for some of the leading congregations of the church of Christ. The Rev. Mr. Waters has traveled in sixteen different foreign countries, including the Bible lands.

Weds Duke

Margaret Clarke of Peoria, Ill., has become the bride of the Duke of Melito, Filippo Carracciolo. The ceremony took place in Florence, near where Miss Clarke and her mother have been living.

He has been known in his pastorates as the "marrying parson" on account of the large number of marriage ceremonies performed.

Washington—Fire damage here during 1924 was exceptionally light. Losses totalling only \$6,922 were sustained. Of the 69 runs made only two were from false alarms.

Effective Means of Reducing Fat

Here is an extraordinary method of reducing weight—extraordinary because no starvation diets or violent exercises are necessary. Marmola Prescription Tablets are made exactly in accordance with the famous Marmola Prescription. They reduce you steadily and easily, with no ill effects. Procure them from your druggist at one dollar for a box or send price direct to the Marmola Company, General Motors Building, Detroit, Mich. Once you start taking these tablets and losing your fatness, you will be happy again.

This Is Queer

A copper bar, the size of an ordinary lead pencil, which can be bent double with one finger as easily as soft wax, but which requires all a man's strength to straighten again, has been produced by the General Electric Co at Schenectady N. Y. A girl is shown here bending it.

TRANSFERS IN
REAL ESTATE

During the past month real estate transactions have been much more frequent, than for the past several months, with the result that sales since December 20 amounted to \$115,347, as shown on the transfer records.

A farm of 160 acres in Posey township brought the banner price of \$23,000, or more than \$143.00 an acre. The transfer records show that the Sanford Heaton farm of 120 acres in Noble township brought \$15,500, or close to \$130 an acre. Eighty acres in Center township sold for \$12,000 and 160 acres in Center township was disposed of for \$14,000.

The transfer records show the following:

Samuel O. Ball, et al. to Goldie D. Downey, lot 19 in Lillian S. Price's second addition to Arlington \$165.

Clifford H. Peck commissioner, by order of Rush Circuit Court in Cause No. 3398 to Charles Fisher, 60 acres in Orange township, \$6180.00.

SICK WOMEN OF MIDDLE AGE

Can Be Carried Comfortably Over The Critical Period by Lydia E. Pinkham's Vegetable Compound —Note Mrs. Headen's Case

Macon, Georgia. — "During the Change of Life I suffered with my whole right side and could not lie on my left side. I was in bed about two months and could not get up only as my son would lift me. After doctoring without relief a man who was rooming with us told my son that Lydia E. Pinkham's Vegetable Compound cured his mother at the Change of Life, so I began taking your medicine. After taking it for two weeks I could get out of my bed by myself. I am now 53 years old and in better health and stronger than ever in my life. I have recommended the Vegetable Compound to many suffering women, young and old, and you may use my name anywhere as long as you please. I will be glad to answer any letters sent to me."

—Mrs. F. B. HEADEN, 5 Holt Avenue, Macon, Georgia.

In a recent country-wide canvass of Lydia E. Pinkham's Vegetable Compound, over 200,000 replies were received and 98 out of every 100 reported they had been benefited by its use. For sale by druggists everywhere.

U. S. Treasurer Pleased With Work of Former Rushville Man

E. B. Thomas Makes Good in Establishing Federal Land Bank in Porto Rico. Was Recommended by Senator Watson Who Was Asked to Suggest Man Who Would Measure up to the Task

E. B. Thomas, former Rushville banker, is warmly praised for his work in establishing the federal land bank of Porto Rico, in a dispatch from Washington, which recounts the success with which he has met. The article regarding his success is as follows:

How an Indiana banker has recorded an achievement which adds prestige to the territorial policy of the government, is related by treasury officials, in describing the work of Ernest B. Thomas as president of the Federal land bank of Porto Rico. Full credit for the success of this government institution goes to Mr. Thomas, for he established it and has carried on the work from the start. Mr. Thomas is now en route to Porto Rico after a short visit at his Indiana home and a

stop in Washington for conference with treasury officials.

Mr. Thomas's home is Rushville, Ind., where he formerly was the recorder of Rush county and later an officer of the Peoples Loan and Trust Company of that city. Three years ago he was asked by Secretary of the Treasury Mellon to attempt the task, which officials of the Federal land bank board recognized would be difficult, of establishing a branch bank in San Juan. Secretary Mellon was casting about for a man of sufficient ability, experience and diplomacy to handle what he recognized was a big job, since it represented pioneer work. He chanced to ask Senator Watson if he knew of a man who could measure up to the task. The senator, with an appreciation of the skill and capacity of Mr. Thomas, suggested his fellowtownsman. Treasury officials are highly pleased with the way Thomas has made good.

Demand for government credit had been insistent from our island possession. There was, however, hesitancy about extending a loan law, originally written to be applicable to farming conditions in the United States, to a tropical island poorly surveyed and with an inheritance through several centuries of Spanish law and custom, and also with an agricultural production unlike that of any section of this country.

Congress assented to an extension of the law, and early in 1922 Mr. Thomas was sent to Porto Rico. Since that time he has established the land bank as a definite and apparently indispensable Porto Rican institution. He has made loans aggregating \$5,000,000; has given the Porto Rican agrarians benefit of the low Federal interest rate, and according to treasury authorities here, has written a record of which any official connected with government credit or finance might be proud.

The job was that of adapting the farm loan act to local conditions and laws, and at the same time adhering to it and protecting the government's interests. The work was entirely new. There were no precedents for guidance. It was the first attempt of our government to extend farm credit to its insular possessions. It amounted to a gesture to the Porto Ricans that their American citizenship entitled them to those advantages enjoyed by citizens on the continent. By his service, Mr. Thomas has spread much good will on the island, giving the people a better appreciation of the advantages they enjoy under the rules of Uncle Sam.

When Mr. Thomas went to Porto Rico his duties divided themselves into "selling" the idea of operating a land bank under the conditions imposed by the law and establishing an organization, setting up loan machinery and making a bank. He will have a similar task this year, for the new intermediate credit bank act has been extended to the island and he will have charge of extending intermediate credit to the farmers.

Mr. Thomas organized a series of from twenty to twenty-five meetings over the island, each attended by about 200 Porto Rican farmers. At these he related what the bank would do, what kind of loans it could make, what its limitations were, and when and how money could be obtained on land. Sugar, coffee, tobacco and fruit are the principal Porto Rican crops. There are large plantations, but many unusually small farms, which, as farms go in the states, would be considered only patches of ground. The population of the island, which has an area of a-

PUFF!

Did you ever buy cream puffs that were strong on the puff but weak, very weak, on the cream?

Some coal is like that. It is strong on puff, the smoke content; but weak, very weak on the cream, that is—the carbon, the real heat-producing, lasting substance.

But that isn't the kind of coal YOU want!

And it was folks like YOU we had in mind when we bought McAlpin Pocahontas Lump Coal, the coal that is weak on smoke and puff but strong in lasting qualities.

about 100 miles by thirty miles, is congested and much of the area is cut into small tracts.

The growing season, however, is continuous and the farms produce more than one crop. The standard of value placed on a farm because of its size in this country consequently is not applicable there. Mr. Thomas has made loans with equal readiness in large tracts and small tracts. A factor in making the loans and law compatible involved matters of description and title, practices in Porto Rico differing from those in the United States. In questions of title Mr. Thomas found his experience as recorder of his home county in Indiana of much value. His work as a banker had included frequent inspection of farm for appraisal and this also was of much assistance when it came to Federal loans.

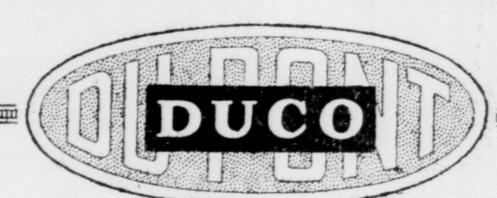

His banking organizations, which he has built up with Porto Ricans and continental Americans; consists of sixteen persons, four of the appraisers being on duty all over the island. He hopes to be able to construct a permanent bank building for the island and move from rented quarters.

As president of the bank, Mr. Thomas will head the intermediate credit work for the island, which will permit loans for an intermediate

time for crop purposes, etc. He will begin after his arrival at San Juan an explanation of the law and the organization of machinery to put it into operation.

Mr. Thomas has made an extensive acquaintance over the island, within three years, becoming one of the best-known of the continental Americans residing there. He is a director of the San Juan Rotary Club, and has the good will of leaders of the different political parties. However, he takes no part in island politics.

In going to Porto Rico to fill an important government post it was not a case of Mr. Thomas seeking an appointment. He was sought for the place. At first he did not take kindly to leaving the states, but after an initial trip to Porto Rico he was so impressed with the island that he accepted the proffered appointment. For many years he has been compelled to leave his Indiana home every August and go to Michigan for relief from hay fever. He has found in Porto Rico complete relief from the affliction, hay fever being unknown in any of the islands of the Caribbean. This, in addition to the nature of his work, has made his Porto Rican experience an especially pleasant one for him, though he remains a loyal Hoosier.

SENATE LEADER WINS IN A TEST

Fight Develops on Motion to Amend
Rules so Bills Could be Consid-
ered After they were Killed

PARTY LINES SWEEP AWAY

Three Bills Advanced to Third Read-
ing in the Senate—Similar Num-
ber in the House

(By United Press)
Indianapolis, Ind., Jan. 20.—In a story session of the upper house of the senate legislature, Senator James J. Nedjl of Whiting today won out in his first test of power as leader of the Republican forces in the senate.

The fight came on the motion of Senator Perkins, Indianapolis democrat, to amend the rules so that bills could not be brought up for reconsideration after indefinite postponement in committee in the senate.

Party lines were swept away when Senator Daily, Indianapolis Republican and a group of republican senators supporting him, deserted ranks and voted with the democrats in considering the Perkins motion.

Daily bitterly opposed Nedjl in Republican party caucus, preceding opening of the legislature for selection as president protem of the senate. Shaking his finger in the face of Senator Daily, Nedjl insisted that the fight be made to amend the rules was a challenge of his leadership.

"Whether these rules are amended or not is immaterial to me," shouted Nedjl.

"The whole question settles down to this, it is a fight to determine who is the leader of the majority?"

Turning to Daily, Nedjl said, "you are a member of the rules committee. Take them and amend them if you want to, I don't care."

After lengthy debate the Perkins motion, opposed by Nedjl with the regular republicans lining up behind him, was voted down 27 to 23.

Three bills were advanced to third reading in the senate and the same number to third reading in the house.

House bills which went to third reading included the measure to increase exemptions on real estate mortgages from \$1,000 to \$3,000 and the bill providing for a reassessment of all real estate in Indiana this year instead of in 1926.

Bills advanced to third reading in the senate included Senator English's bill to provide stringent penalties for drunken automobile drivers.

Under a bill introduced in the senate by Senator Sims of Terre Haute, no teacher in the public schools would be permitted to wear the

TRIO FAILS TO GIVE BOND, REMAIN IN JAIL

Rushville Men, William Morris, John Barnett and Henry Jenkins, Face
Serious Charges

IN COURT AT NEWCASTLE

The three Rushville men who gave their names as William Morris, John Barnett and Henry Jenkins, were still held in jail in Newcastle today, unable to give bond on the numerous charges preferred against them, following an episode Saturday night near that city.

The machine in which they were riding crashed into another car driven by the late Pate of near Newcastle. The trio was placed under arrest on a charge of being intoxicated, and on charges of violating the liquor laws, as police officers found a sack of liquor tossed in a fence corner. Most of the bottles were broken but officers are holding the sack, broken bottles and a small quantity of liquor found in one bottle, as evidence.

Mr. Pate was driving the other machine, and attempted to avoid a crash, but the other machine plowed into his car. Mr. Pate, who recently suffered a broken leg, was using crutches. When his daughter Miss Ruth Pate got out of the machine, she alleges that she was struck in the face by one of the alleged drunken men, and her father could not protect her on account of his injuries. The men will be held for trial.

CHILD STRUCK BY R

John P. Connelly, 5, Suffers Bruises
in Mishap Monday

John Paul Connelly, age 5, was painfully hurt, but not seriously, when he darted in front of an automobile driven by Harry Levi, at the corner of Second and Pearl Streets, late Monday evening.

The boy is the son of Mr. and Mrs. Peter Connelly, Jr., 444 West First street, and he became confused when the automobile came upon him. The boy was struck by the radiator, but the wheels missed his body. He suffered a shock and many bruises about his body and face, with his right ear drum being ruptured. A physician was called, and his injuries were dressed, and he was reported today to be recovering as well as could be expected. The accident was said to be unavoidable.

QUARTET RECEIVED WITH ENTHUSIASM

Audience Shows Great Appreciation
of Indianapolis Musicians in Pro-
gram Monday Night

INTEREST IS SUSTAINED

Numbers Reveal Remarkable Balance and Blending of Voices—
Music Study Club Praised

Rushville music lovers enjoyed a rare treat Monday evening when they heard the program given at the Main Street Christian church by the Schubert Quartet of Indianapolis.

In spite of the inclement weather the church was filled and the members of the Music Study Club by whom the concert was sponsored, felt that the enthusiasm and appreciation of the audience more than justified their efforts in bringing these prominent musicians here.

The quartet, composed of Bessie May Lowry, soprano; Ila Friemood, contralto; George Kadel, tenor; Fred Jeffry, baritone; and Bertha Miller Buick, accompanist, was introduced by B. F. Miller, an honorary member of the Music Study Club. The program was divided into two parts—a group of sacred numbers and one of secular numbers. The first number, "Festival Te Deum," by Buck won the attention of the audience from the first and their interest and appreciation was not lost throughout the entire program. The quartet numbers "Now the Night in Starlit Splendor" by Denzetti and "Italian Street Song," by Herbert were brilliant and sparkling exhibitions of musical art and interpretation.

All the numbers revealed a remarkable balance and blending of voices, delightfully free flowing tones and great volume. One of the outstanding characteristics however was the control of this volume manifest in the contrasts of light and shade and in the easy rendition of soft tones in pianissimo work.

In the last number as well as in her solo work, Mrs. Lowry showed great range of tone and power as well as a clear quality and brilliancy. Mrs. Friemood rendered "Like As a Hart" by Allston with an ease that greatly enhanced the rich cello-like tones of her deep voice.

George Kadel's work was outstanding for his ease of manner, clear enunciation, true tones and a certain elusive quality, which always characterizes his singing. This was especially noticeable in the duet "Crucifix" by Faure, sung by Mr. Kadel and Mr. Jeffry.

Perhaps the most elaborate solo of the evening was "Vision Feigine" by Massenet sung by Mr. Jeffry. The richness and depth of his voice was entirely in keeping with the number itself and he exhibited a splendid control of the volume and strength of his voice, as well as splendid technique.

The audience was disappointed that Mrs. Buick, due to a severe cold, was not able to give the piano-logues as had been planned.

Certainly the whole concert was a splendid work of art and great thanks is due the Music Study Club for bringing this treat to Rushville, and that Rushville does appreciate this music was shown by the splendid response and attention.

After the concert the members of

GIVE HIM TIME

TWO INSTITUTES ARE SCHEDULED FOR WEEK

Mrs. Ratcliff of Newcastle and
Maurice Lafuze of Liberty Will be
Speakers Both Places

AT CARTHAGE AND MOSCOW

Two township farmers' institutes are scheduled for this week—the first one at Moscow on Thursday and the second one at Carthage on Friday. The same speakers will appear at both institutes—Mrs. Ratcliff of Newcastle and Maurice Lafuze of Liberty.

Raymond Manche is chairman of the Ripley township institute and Robert Campbell is chairman of the Orange township organization. Both are offering prizes in a corn show and culinary exhibit to be held in connection with the institute. Farmers of Anderson and Orange townships, Rush county, and Liberty township, Shelby county, are eligible to exhibit at the Orange township institute.

Mrs. Ratcliff has always been interested in raising pure bred stock of all kinds, especially chickens. The Ratcliffs are one of the oldest breeders of White Leghorns in Henry county, and have been very successful exhibitors of fancy poultry. Mrs. Ratcliff comes very highly recommended as an institute speaker.

Mr. Lafuze is well known in central Indiana as he has been judging hogs and cattle at many of the county fairs during the past five years. He is associated with his father and one brother in operating a 450 acre farm near Liberty. The pen of Poland China barrows that won the sweepstakes ribbon over all breeds at the 1923 Indiana state fair was bred and exhibited by them. Mr. Lafuze displayed the prize winning single ear of yellow corn at the recent state show.

The Rev. T. B. Gary, who recently celebrated his 90th birthday, has challenged B. W. Riley, age 94, of this city, to a foot race as soon as spring weather appears. The Rev. Mr. Gary is exceptionally hale and hearty for one of his age and is now engaged in an enterprise that few young men attempt—raising a ton litter of hogs in six months.

Cross Word Puzzle to Appear Each Day in Daily Republican

A cross word puzzle will appear daily in the Daily Republican, beginning with today's issue, and the solution to the puzzle will be printed the following day.

One puzzle a week has been printed in the Republican, but in response to insistent demands and the growing popularity of cross word puzzles, arrangements have been made for the Republican to be supplied with a puzzle daily by NEA, Inc., of Cleveland, O.

Today's puzzle appears on Page 7. It will always be found on the classified advertising page.

Most newspaper readers are familiar by this time with the method used in solving cross word puzzles. When the correct letters are placed in the white spaces, the puzzle will spell words both horizontally and vertically. The first letter in each word is indicated by a number, which refers to the definition listed below the puzzle.

CATTLE CASE ON TRIAL IN HENRY CIRCUIT COURT

Complaint for \$10,000 is Under Way
in Newcastle of Jordan Against
A. P. Walker and J. F. Boyd

DEPOSITIONS GIVEN IN FRENCH

A law suit venue from this county to Newcastle is being heard in the Henry circuit court, having started Monday morning, with the selection of a jury. The action was brought here by Arthur Jordan against Alpheus P. Walker and John F. Boyd, involving a deal in cattle.

The suit was venue to Newcastle sometime ago, and a change of judge was secured in that court, with Judge Ellis of Anderson hearing the case with the jury. The case will require several days for trial, it is understood.

The suit seeks to replevy ten or twelve head of imported Jersey cattle and between \$10,000 and \$12,000 is involved in the litigation. The suit is unusual in that several depositions taken in French on the Isle of Jersey and then translated into English will be introduced in the evidence. No difficulty was encountered in securing a jury. Some of the testimony will be documentary, being the pedigree records of the cattle involved.

OPPOSITION TO CENSUS STILL FOUND IN COUNTY

Repeated Assurances Given That
Farm Statistics Will be Treated
As Confidential by Enumerators

FOR BENEFIT OF FARMERS

Opposition to the census of agriculture being taken throughout the United States is still reported in some parts of Rush county, although assurance has been repeatedly given that the information given to government enumerators will be held confidentially and will be used only for the purpose for which it is being gathered.

Howard M. Gore, secretary of agriculture, has addressed a letter to farmers, a copy of which has been received here, appealing to farmers to give prompt reply to all inquiries and in every way facilitate the work of the enumerator.

He explains that the census is being taken by the department of commerce in cooperation with the department of agriculture. The schedule of inquiry was approved by the department of agriculture and directed to determine matters of fundamental importance to the welfare of the agricultural industry. This census is needed as a basis for the annual crop estimates of the department of agriculture, and it is of great importance that the results be accurate. The totals of farm acreage land utilization, livestock, crops, etc., will show actual conditions during 1924 and will be used for the preparation of estimates for each year until the next census. It is being taken primarily for the benefit of the farmers.

DEATH INQUEST IS HELD OPEN

Chicago Chief of Police Seeks Delay
in McClintock Probe

Chicago, Ill., Jan. 20.—Upon the order of the Chief of Police Morgan Collins, the inquest into the death of William "Billy" McClintock, "millionaire orphan," today was held open thirty days.

"I have obtained information that may shed some light on this case and for this reason want an opportunity for further investigation," Chief Collins said.

Robert H. Stoll, attorney for William Shepherd McClintock, former guardian, objected to the delay on the ground Shepherd already has suffered enough. Coroner Oscar Wolff overruled the attorney's action on command of Collins.

RENEWS SPEEDERS CAMPAIGN

Indianapolis Set Out to Stop the
"Pace That Kills"

Indianapolis, Jan. 20.—Thirty-four auto drivers, caught in the police campaign to stop "the pace that kills," today were scheduled to appear in city court to receive heavy penalties. The thirty-four were taken within less than twelve hours after orders went out from headquarters to curb recklessness at any cost. The order followed death of Robert Gault, high school junior, in an accident in which half a dozen others were injured.

Police Chief Rikhoff was personally in charge of the renewed campaign against speeding and recklessness. "We are going to stop this 'pace that kills' if it takes every man on the force to do it," he said. Additional police autos and patrolmen were assigned to the speed squad.

SCHOOLS TO PICK ONE LEGISLATOR

Plans for Junior Law Making Body
Are Being Made Rapidly by the
State Education Board

REPRESENTATIVE FROM HERE

Other Counties Will Have Senators
and All Members Will Convene
For Week on March 23

Rush County will be entitled to one representative in the Junior General Assembly which will be held in Indianapolis during the week, commencing March 23, and at which time the high school students elected from each county will carry out a legislative program, as announced a few days ago.

Each high school in Rush county shall elect by ballot on January 30, its one delegate to the county convention. On February 14, a place will be designated for holding the county convention, and at this time the delegates will assemble to elect a representative.

As Rush county has been designated as having one representative, other counties around here have been listed as follows: Fayette, one senator; Henry, one senator and one representative; Shelbyville, one senator; Wayne, one senator, one representative; Union, one representative; and Franklin, one representative.

According to the plans made by the State Department of Public Instruction, an exact replica of the 1925 General Assembly will be held by the Junior lawmakers, elected from the various high schools of the state. The chief object of the Junior Assembly is to create more interest among the high school students in Indiana government and civics.

In each county the Board of elections shall be composed of the county superintendent of schools; one principal and one teacher of History or Civics, both of whom shall be appointed by the county superintendent. This board shall be invested with all authority to conduct the elections for the Junior Assembly.

Each high school in the county shall elect one delegate by ballot January 30, in case its county has representation in only one house of the Junior Legislature; in case the county has representation in both houses, there shall be two delegates chosen. In every case the delegate shall be chosen as a delegate to the Representative Convention or as a delegate to the Senatorial Convention, as the case may be.

Only students who have earned at least sixteen credits in solid subjects in classified high schools may be elected to the Assembly and all candidates for the Junior Legislature must have passing grades in at least three solid subjects for the previous semester and for the current semester. In counties having more than one member in the Junior General Assembly, at least one of these members shall represent the township high schools.

Plans are being made for adequate chaperoning of the members of the Assembly during their week in Indianapolis and a number of educational features, in addition to the actual routine work of the Legislature is also being arranged. The Junior Legislators will be given an opportunity of hearing some of the outstanding men of the state during the week.

INCOME TAX BLANKS ARE RECEIVED HERE

Failure to Receive One Does Not Re-
lieve Taxpayer of Obligation to
File Return on Time

PERIOD EXPIRES MARCH 15

Returns Under New Revenue Act Re-
quired of Single Men With Net
Income of Over \$1,000

Income Tax in a Nutshell

WHO? Single persons who had net income of \$1,000 or more or gross income of \$5,000 or more and married couples who had net income of \$2,500 or more or gross income of \$5,000 or more must file returns.

WHEN? The filing period is from January 1 to March 15, 1925.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? Instructions on Form 1040A and Form 1040; also the law and regulations.

WHAT? Two percent normal tax on the first \$4,000 of net income in excess of the personal exemptions and credits. Four percent normal tax on the next \$1,000. Six percent normal tax on the balance of net income. Surtax on net income in excess of \$10,000.

Income tax blanks are being received here from the internal revenue collector's office in Indianapolis for filing 1924 incomes, and those who have not received one are advised to get in touch with the collector's office at once.

The period for filing 1924 income tax returns began Jan. 1 and will close at midnight March 15. Thousands of blank forms have been mailed to persons who were required to file returns for 1924, but failure to receive a form, however, does not relieve the taxpayer of his obligation to file a proper return on time.

Forms for filing individual, corporation, partnership, fiduciary, information and other returns required by the 1924 revenue act are now available at all offices of collectors of internal revenue and branch offices. A form designated as 1040A is used for reporting net incomes of individuals of \$5,000 or less derived chiefly from salary and wages, while a larger form, designated as 1040, is used for reporting net incomes of individuals in excess of \$5,000, or net incomes, regardless of amount, if

JURY HEARS ACTION OF JOYCE AGAINST GEORGE

Third Attempt to Collect Judgment
For \$25 Attorney Fees, is Heard
in Court Today

POSSESSION SUIT IS FILED

A jury was hearing a case today in the Rush circuit court, the action being the case of John F. Joyce against Chester M. George, the complaint being for \$25 attorney fees, and today marked the third trial in the case.

The case was first tried in Justice Stech's court where judgment was entered for the plaintiff, and it was appealed to the circuit court for another trial. In this court it was heard sometime ago, and the jury disagreed, which placed the case on trial again today.

The evidence was completed this afternoon and the case given to the jury. The twelve jurors selected were William C. Morgan, Daniel Power, J. R. Pablow, William Moore, Wilbur Stevens, Rufus Rhodes, George Hardesty, C. E. Inlow, Bert Oneal, Miller Whitten, Ross Schrader and Joe Shocks.

Among the new business in court is a complaint by Della Ryon against Frank M. Warner, the action being for possession of real estate, and for \$100 damages for the retention of the land.

Executor's Sale of REAL ESTATE

Notice is hereby given by the undersigned Executrix of the estate of Edward J. Chambers, deceased, that by order of the Rush Circuit Court, in Civil Cause No. 3491 in said Court, wherein Ruby G. Chambers, as Executrix of the last will and testament of Edward J. Chambers, deceased, is plaintiff and Ruby G. Chambers et al. are defendants, said Executrix will offer at private sale on

Saturday, February 7, 1925

and from day to day thereafter until sold, the following described real estate, situate in Washington Township, Rush County, Indiana, to-wit:

The west half of the northwest quarter of Section twenty-five (25), Township fifteen (15) north, Range ten (10) east of the Second Principal Meridian, containing eighty (80) acres, more or less.

Also, the southwest quarter of the southwest quarter of Section twenty-four (24) Township and Range aforesaid, containing forty (40) acres, more or less. Also, the north-west quarter of the southwest quarter of Section twenty-four (24) Township and Range aforesaid, containing forty (40) acres, more or less, and containing in all One Hundred and Sixty (160) acres, more or less.

The above described farm is located about ten miles northeast of Rushville, Indiana, two miles southeast of Mays, Indiana, and two miles southwest of Raleigh, Indiana. All the land is tillable, and the soil is rich and productive, probably as good soil as there is in Rush County. The buildings are good, markets are convenient and good roads to all markets.

Terms of Sale

The Wesleyan Methodist church held their quarterly meeting at Union Chapel Wednesday night. The Rev. Francis Eddy preached.

Mr. and Mrs. Charlie Whicker and daughter and Herman Hester visited Mr. and Mrs. Raymond Wicker Sunday afternoon.

Herman Macy is preaching in Oregon, where he lives.

There were 128 at the Christian church Sunday school Sunday.

The choir rehearsal of the Christian church will be held at the home of Elmer Hutchinson Thursday night.

The protracted meetings at the Union Chapel are in progress. Services at 10 a. m. and 7 p. m. each day and night for perhaps two or three weeks.

Mrs. Eva Macy called at the home of Mrs. Jane Willis Friday. Mrs. Willis is critically ill.

Defies Leaders

Major Thornton Mills, pastor of New England Congregational Church, Chicago, is defying efforts of his church council to remove him from the pulpit. He incurred the council's displeasure by his alleged "radicalism." He made soap-box orators and other liberals just as welcome as those communists who were paying pew rent, it is charged.

"Revelation" at Castle

"The most satisfying picture of the year," describes Metro's special production, "Revelation," opening Wednesday at the Castle theatre. Story, cast and direction, are all three of extraordinary worth, so that the spectator comes away from the theatre feeling that he has seen something head and shoulders above the ordinary feature.

Motion picture fans have been saying all along that the crying need is better stories. They are answered in "Revelation," for the story, which was written by Mabel Wagnalls, is a classic of the screen, and is destined to stand out as one of the milestones in film history.

With such a story to work on, the chance was there to make a great picture, and George D. Baker, the director, never let an opportunity slip by. His good taste and tenderness in handling the subject is always manifest.

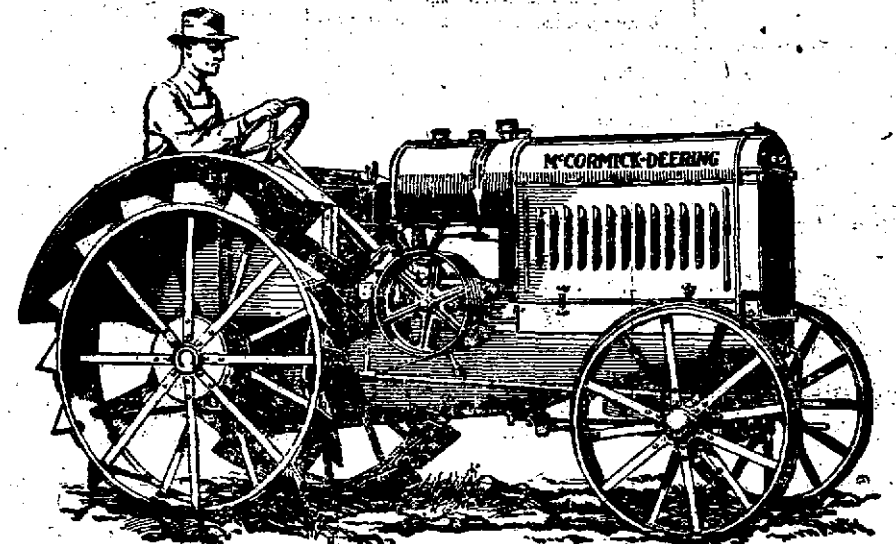

The picture is superbly acted by a real all-star cast that includes such favorites as Viola Dana, Monte Blue, Lew Cody, Marjorie Daw, Frank Conroy, Edward Connelly, George Siegmann, Kathleen Key, Otto Matison, Bruce Guerin and Ethel Wales. The actors all seemed inspired, Viola Dana and Monte Blue, who carry the chief acting burden, doing by far the best work they have ever contributed to the screen.

The picture centers on a beautiful legend of an old French monastery. A monk planted a rosebush, and when it did not bloom, he thought it was because of his sins. When he was praying one day the Virgin appeared to him, the bush blossoming forth afterward as a sign of forgive-

CORDON OF DEPUTIES GUARDING THE JAIL

Extra Precaution Taken to Prevent Escape of Gerald Chapman, Mail Robber and Safe Blower

TO BE RETURNED TO ATLANTA

Romances of His Adventures as a Crook De Luxe Securely Locked Within His Breast

(By United Press)

Indianapolis, Ind., Jan. 20—Five heavy steel doors and a cordon of deputy sheriffs at the Marion county jail today stood between Gerald Chapman, mail robber and safe blower, and any further attempt to gain his freedom.

Fear that Chapman would try to break jail during the night caused Sheriff Hawkins to place the heaviest guard over Chapman that has ever watched an individual prisoner in the jail here.

The deputies stood watch throughout the night over the bull pen in which Chapman slept and the corridors leading to the jail entrance.

Every door in the jail was locked and closely guarded.

Chapman is being held without bond awaiting the arrival of two deputy wardens from the federal penitentiary at Atlanta, from where he escaped a second time in April, 1924.

The wardens were expected to arrive in Indianapolis late today. It is understood that they will start back to Atlanta with their prisoner some time tomorrow, but closest secrecy surrounded plans for the return to Atlanta to thwart any plans confederates of Chapman may have to attempt to rescue him.

Linus P. Meredith, United States marshal, said there would be no hearing on the removal of Chapman to Atlanta unless the prisoner starts court action to secure his release. Chapman has taken no steps toward fighting removal.

Opposition to Chapman's return to Atlanta, however was in prospect following a report that two detectives were out on a way to Indianapolis from New Britain, Conn., where Chapman is charged with the murder of a policeman during a robbery last October.

Local federal authorities, however, had had no direct word from the prosecutor in New Britain early today and were going ahead with their preparations to return him to Atlanta.

Chapman's secret of success in the underworld, the inside story of how he looted a mail truck of \$2,400,000 in New York three years ago, the romance of his adventures as a crook de luxe, were locked within him today as securely as he was locked in Marion county jail here awaiting return to Atlanta federal prison.

Chapman held his silence as thoroughly as he planned each robbery, large and small, that he perpetrated—as thoroughly as he planned every move since he escaped twice from the Atlanta prison until he was recaptured in Muncie, Ind., late Sunday by a squad of city detectives. He refused positively to talk regarding his case either to federal officers or newspaper reporters.

In a rather sullen, detached manner, Chapman parried each question with an answer that meant nothing or with the gentlemanly remark in a modulated voice "I'd really like to accommodate you, but, you know, I cannot."

Wearing a blue serge suit, neatly pressed, an expensive cravat and with his shoes carefully polished, Chapman drew a contract with the other prisoners in "federal row" at the jail. He carried out the reputation of being a scholarly gentleman which led to his being called "the count of Gramercy Park" when he lived in New York.

Chapman, a thin tall man, with few if any traces of smile in his countenance, talks quietly and is the opposite type from his predecessor, Jesse James. He is reticent and gives the impression of being shrewd. His face is thin, his forehead sloping. Chapman said he is thirty-seven years of age.

The reason for his silence was said by officers who are familiar with the prisoner to be a desire to say nothing for fear he might implicate others in his gang. Chapman they said "hates a yellow squealer."

The gentleman crook's taste of freedom since he escaped from Atlanta six months after he started a twenty-five year stretch for looting the New York mail truck, and then the reversion to the unpleasant scenery of bars and more bars, left its stamp on him. He talked with the other prisoners who regard him as a prince of crooks, but he was telling

INCOME TAX BLANKS ARE RECEIVED HERE

(Continued from Page One)

derived from a business, trade, profession, or from farming.

Returns under the new revenue act are required of every single person whose net income for 1924 was 1,000 or more, or whose gross income was \$5,000 or more, and of every married person whose net income was \$2,500 or more or whose gross income was \$5,000 or more. Under the 1921 act returns were required of every married person whose net income was \$2,000 or more. The 1924 act provides that if a husband and wife living together have an aggregate net income of \$2,500 or over or an aggregate gross income of \$5,000 or over, each shall make a return, or the income of each shall be included in a single joint return, in which case the tax shall be computed on the aggregate net income. Married persons not living with husband or wife, such as divorcees or persons separated by mutual consent, are classed as single persons.

There is no change in the personal exemption for a single person, which is \$1,000. Married persons, living with husband or wife, and heads of families are allowed an exemption of \$2,500, regardless of the amount of net income, provided they were married or the heads of families during the entire year. Under the 1921 act the exemption for married persons and heads of families was \$2,500 if the net income was \$5,000 or less and \$2,000 if the net income exceeded \$5,000. No change is made in the provision allowing a taxpayer, in addition to his personal exemption, a credit of \$400 for each person dependent upon him for chief support, if such person is under 18 years of age or incapable of self support because mentally or physically defective. This \$400 credit is not allowed for the husband or wife of a taxpayer, though one may be totally dependent upon the other.

The normal tax rate in the case of a citizen or resident are two percent on the first \$4,000 of net income in excess of the personal exemption and other credits provided by law, four per cent on the next \$4,000 and six percent on the balance. Under the 1921 act the normal tax rates were four percent on the first \$4,000 of net income above the exemption and credits and eight percent on the remainder. The surtax rates under the 1924 act apply to net incomes in excess of \$10,000, while under the preceding act they applied to net incomes in excess of \$6,000.

The revenue act of 1924 contains a special provision for reduced taxes on "earned income" which did not appear in previous acts. All net income up to \$5,000 is deemed to be earned income. On this amount the taxpayer, if an individual, is entitled to a credit of 25 percent of the amount of the tax. In no case will the earned net income be considered to be more than \$10,000.

FIRST CHURCH NIGHT PROGRAM

Initial One for This Year Will be Held at First Baptist Church

The first regular "Church Night Program" of this year will be held on Thursday night beginning at 6:45 in the First Baptist Church. The committee, in charge of Mrs. Raymond M. Clarkson, which is responsible for arranging the supper, would like for those who come to bring baked beans and pie, and the ladies who come to the Ladies Aid on Thursday are asked to bring potatoes. The rest of the supper will be furnished by the committee in charge and the cost will be divided among those present as the custom was last year.

Supper will be served promptly at 6:45 and the study classes will assemble at 7:15. The closing devotional period will begin at 8:10 and continue for not more than one-half hour. Each member of the congregation is requested to be present and enroll in which ever study class he may desire.

MRS. NORRIS' FUNERAL

Funeral services for Mrs. O. C. Norris, who died at her home here Monday morning, will be held at the late residence Wednesday afternoon at two o'clock and will be private. Friends may view the remains any time up until 1 p. m. Wednesday. Services will be in charge of Elder Allen of Richmond. Mrs. Norris was a member of the Adventist church for many years. Burial will be in East Hill cemetery.

STONE APPROVED

Washington, Jan. 20—The senate judiciary committee Monday unanimously approved the nomination of Attorney General Stone to be Supreme court justice. The nomination had been held up on three previous occasions to permit investigation of Stone's record. Thomas J. Not a Panacea

Taxpayers who believe that the reassessment of real estate in Indiana, which has been ordered by state board of tax commissioners, is a panacea, or even a partial cure for taxation ailments, are due for very great disappointment when they pay their taxes next year.

Valuations put on real estate and improvements or personal property do not change the amount of taxes paid, taken as a whole, because if the valuations are lowered, the rate has to be raised in order to raise the required amount of taxes.

If there are some specific instances where real estate has been assessed too high, a reduction in assessment would reduce the amount of taxes paid by the owner, but any general cut in valuations will be offset by an increase in rates, providing the same amount is needed for the expenses of government.

There are doubtless instances in Rush county where farm land is assessed too high, because it is said by persons who have followed the situation closely, that only one farm in this county has sold for more than it is assessed, during the past year. This does not necessarily mean that all farms are valued too high for taxation purposes. There are scores of farmers who would not sell their farms for the figure at which they are assessed.

The reassessment will be of some value in readjusting the valuations, but no one must lose sight of the fact that any wholesale cut will raise rates, not lower taxes.

No one should make the mistake of expecting something they will not get and then be disappointed. All too many hold to the view that if they can get their assessment cut down, they have put something over on their neighbor and got a reduction in taxes.

But when your neighbor and your neighbor's neighbor and your neighbor's neighbor's neighbor, all infinitesimal, are all successful in having their assessments lowered, no one has been benefited by all of the energy that is wasted.

Assessments do not make taxes. We pay taxes to meet the expenses

PIMPY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

of government, and the only way taxes can or ever will be reduced is to lower the cost of government.

It's not possible to get a reduction in assessments in the morning and go out and put through a petition for a new road in the afternoon, and then pay less taxes the following year. No one has ever invented a way to lower taxes without cutting down the thing that lives on them—expenses of government.

Finding a Calling

The chairman of the board of directors of the largest bank in the midwestern tier of "chewing calico" in an Iowa general store, as a young man, and went to Chicago to seek his fortune in "the big city."

He never liked the taste of calico as a general thing or he might have been sweeping the store yet, but he did develop a taste for checkered calico, which may have given him a hankering after checks.

As a clerk he was required to chew samples to show customers that the colors wouldn't run. His sense of taste rebelled and that's one of the reasons he was able to celebrate his sixtieth birthday at his desk recently and advise young men how to win a success in life.

All young men can't be clerks in general stores and have fate steer them into their natural calling because their taste was offended.

But all young men can select the business or profession they want to follow and stay with it until they climb to the top. They can't all be at the top, but there is plenty of room near the top and it is never crowded.

The parking space at the bottom is always jammed, but after you get a few rounds up the ladder, you will be able to breathe easier, because of less resistance. However, it is necessary to keep plugging and hold on tight because the higher you get, the harder you fall, when you lose your grip.

Hunt's Washington Letter

BY HARRY B. HUNT
NEA Service Writer

WASHINGTON — The fellow who locked the door after the horse was stolen had nothing on Senator Nathaniel B. Dial of South Carolina.

Dial tied the bag after he'd spilled the beans. It was Dial who, under lambasting by his Democratic colleagues, "withdrew from the Record" a speech in which he had virtually preached a funeral oration for the Democratic party.

The things he said about Democrats and Democracy, as demonstrated during the late campaign and since, were more scathing than anything the most rabid Republican opponent in the Senate ever had laid his tongue to. For instance:

"We have fallen into shifty opportunism, seizing every fad of the moment, yielding to every pressure from lobbies and galleries, veering to every wind that seemed to promise popularity, regardless of the direction from which it blew."

"We have infected ourselves and our party with political miasma and pestilence."

"We have been obstructing everything and constructing nothing."

THAT is only a small sample of the arraignment of his party of which the South Carolina senator unburdened himself. He came to the job, he admitted, as to a confession, saying:

"Confession of sin is the necessary step toward penitence."

And he closed with a bouquet to the standard bearer of the Republican opposition, thus:

"It is a mortifying, bitter truth that the quiet and close thinker in the White House is a better Democrat in many essentials, more in accord with the foundation principles of the Democratic party, than many men who have gained high and honorable places as ostensible Democrats."

It took Democratic leaders in the Senate a full three days to realize just what had hit them. When they recovered their faculties, the roar for a full and sweeping apology on the part of Dial was deafening.

Their dear Democracy had been slandered and they themselves as Democrats had been indicted. Facing the rising tide of anger within his own party ranks Dial asked that his speech be "with-drawn."

BUT the "beans had been spilled." The "horse had been stolen."

The Congressional Record, embalm-balm-balm, already was off the press and in the mails. While officially the speech was "with-drawn," it could not be recalled.

And to make doubly certain of its full and free circulation, adding insult to injury as it were, Republican propaganda publications at once set up the whole speech and issued it as a signed article under Dial's signature, with the caption: "Why Democracy Is So Thoroughly Repudiated."

Probably it is well for his own peace of mind under the circumstances, as well as for a low apoplexy rate among Senate Democrats, that Dial will disappear from the Senate after March 4.

He was defeated for renomination last spring, and after this session his seat will be taken by former Governor Cole Blaise.

ECHOES FROM THE GENERAL ASSEMBLY

(By United Press)

Indianapolis, Ind., Jan. 17—December eleventh will be designated as "Indiana Day" throughout the state if a bill introduced in the senate by Senator English of Indianapolis becomes a law.

While the bill does not provide that the day be set aside as a holiday, it would require observance of the day in all schools of the state on proclamation of the governor.

Heavy fines and imprisonment are provided for public officials who "pad" their payrolls are provided in a bill which Representative Harris of Gary was preparing today for introduction in the house.

Officials who allow persons to be paid without rendering actual service would be included in the category of payroll padders.

Rule books in the senate chamber will be well thumbed before the session ends in March.

Lieutenant Governor Van Orman, presiding officer of the senate, is a stickler for rules and has frequently called attention to the rule book in the deliberations of the senate.

"What's the use of having rules if they are not used?" Van Orman asked. "Let's follow them as long as we have them."

Frederick Schortemeier, secretary of state, has returned to the legislature four constitutional amendments brought up after passage by the last legislature.

They provide for a uniform method of registration of voters, give the state the right to levy an income tax authorize the legislature to make the term of all state officials four years, using the vote on secretary of state for statistic purposes instead.

A bill sponsored by the board of state charities for the establishment of a psychiatric hospital at the Long Hospital here will probably be ready for presentation in the legislature by Monday, it was announced today.

The bill would call for an appropriation of \$250,000 and will be introduced by Senator Oliver Holmes, of Gary.

The bill has been presented in every session of the legislature since 1919 and failed, either because other large state appropriations have stood in its way or members of the legislature have been unacquainted with it, charities officials declared.

Coughs Always Dangerous—Quick Way to Stop Them

Chronic coughs and chest colds often lead to more serious trouble. Not only is the infection itself dangerous, but the continual coughing spells day and night so weaken your entire system that you can no longer fight off disease.

So stop a cough the quickest way you can. Do this there is nothing better than that old-time tried and proved remedy—Dr. Bell's Pine-Tar-Honey. Doctors say there is nothing like pine-tar extract to quickly loosen and remove the phlegm and congestion which are the direct cause of the cough, while the honey gives a pleasant taste and helps soothe irritation. The quick relief to the stubbornest cough often seems almost magical.

But be sure you get the genuine Dr. Bell's Pine-Tar-Honey, and no substitute. Dr. Bell's is the original pine-tar-honey and has been known forever a quarter of a century as the best. It is scientifically compounded of just the right proportions of pine-tar, honey and other quick-acting, healing ingredients, which the best doctors have found to act in quick relief. Contains no opiates or other harmful drugs, so can be given even to young children—fine for meadow-crow. If you want the best medicine that often relieves the severest cough overnight, make sure you get Dr. Bell's. Only \$1.00 at any good drugstore.

DO YOU OVERLOAD YOUR STOMACH?

Di-Jo Aids Digestion and Assists Your Stomach in Digesting Food

An overloaded stomach is dangerous. Many people have chronic indigestion and they can't eat much—in fact can't eat enough to properly nourish the system. If you have gas on the stomach, heartburn, sour stomach, or any of the other common symptoms, you'll be glad to know that Di-Jo will aid you in securing relief.

But remember this, that however strong you may be, however confident you may be of your ability to digest heavy meals, an overloaded stomach always precedes ACUTE INDIGESTION. Chronic indigestion is bad enough but ACUTE INDIGESTION is infinitely worse and is often fatal.

If you have eaten a heavy meal, take a few Di-Jo Tablets. They will

almost instantly relieve that heavy feeling, will relieve the distress which overeating causes and give your stomach the relief it is crying for.

KEEP DI-JO IN THE HOUSE AND IF YOU DINE AWAY FROM HOME, KEEP IT WITH YOU. YOUR STOMACH IS THE MOTOR OF YOUR BODY. IF YOU CHOKE IT TOO MUCH IT MUST BE AIDED. DI-JO WILL GIVE ALMOST IMMEDIATE RELIEF. GET IT TODAY OF ANY DRUGGIST.

If you are troubled with constipation take DI-VAC. It is sold by all druggists and is recommended as the proper laxative to be used in connection with Di-Jo, if any is needed.

NEW PLAYERS TO HELP ATHLETICS

Connie Mack is Jubilant Over Prospects for His Philadelphia Team. With New Joiners

PITCHING STAFF IS HEAVY

Old Timers and Some New Ones. Together With Heavy Hitting Fielders Look Good on Paper

By J. S. WASNEY
(U. P. Staff Correspondent)

Philadelphia, Jan. 20—Jubilant over what he considers a greatly improved team, Connie Mack believes the sky is the limit as far as the Athletics chances this year are concerned.

Mack has acquired a number of new performers with imposing minor league records and together with the late season showing of the A's last year after a discouraging start, it begins to look as though Philadelphia once more will be represented on the baseball map.

Most of the veteran's hopes are based on his hurling corps. In addition to Rommel, Harris and Gray and southpaws Baumgartner, Heimach and Meeker, "Lefty" Groves, expensive acquisition from the Baltimore club of the International League, will be on hand. These flingers and at least ten rookies will assemble at Fort Meyers, Fla., March 1.

The catching department, already strong with Perkins and Bruggy doing the bulk of the work, will be augmented by Cochrane, of Portland. The Pacific Coast Leaguer is rated as a first rate backstop who can hit.

There probably will be a few changes in the infield. Hauser will be at first, Bishop at second, Galloway at short and Dykes will take care of the hot/corner with Sam Hale and Marvin Smith available for relief duty.

Bishop was ill most of last season and it was necessary to play Dykes on second and Hale on third. Mack believes that his inner defense will be considerably strengthened with Bishop a regular and Dykes at his usual post.

Lamar, Simmons and Miller are slated to retain their garden berths, with Welsh the principal understudy French and Bagwell, from the Texas League, will make a try for outfield jobs.

Followers of the Athletics are taking hope in a situation in which the four teams which finished above them in 1924 were all veteran aggregations whereas Mack has a comparatively young team.

"Washington, Cleveland, and St. Louis may slip back when the old timers fail, but the signal is all set for Philadelphia to go forward."

At any rate there is more hope for the Athletics today than any time since they knocked off the pennant in 1924.

California Leads in Football

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Jan. 20—If comparative scores can be taken at their face value in appraising the quality of football—and there is no other way by which comparisons can be computed—the Pacific Coast is the national football leader in theory, and in practice.

As a result of post-season inter-sectional games between California and teams representing the East and Midwest, it was shown that only a wonder team, such as carried the colors of Notre Dame last season, can compete with the class of football that has prevailed on the far western coast for several years.

Missouri University, champions of the strong Missouri Valley Conference and a victor over Chicago University, the champions of the Western Conference, was beaten by the University of Southern California. Syracuse, a strong Eastern team, that did not live up to early season expectations, was also downed by the same Southern California eleven.

Pennsylvania University, considered by its boosters and many critics to have been the best team in the East, was beaten rather easily by the University of California, a remarkable team that hasn't lost a game in five years. There are some experts who did not agree that Pennsylvania was the best of the Eastern teams, as Yale and Dartmouth were not defeated, although Yale was tied twice and Dartmouth engaged in one no-decision contest with Yale.

Pennsylvania, however, was a good team and at least one of the three best in the East and when California defeated Penn it scored a victory over a representative Eastern team in a year when there were several very fine teams in the East.

Notre Dame's fine victory over the good Stanford eleven was the only important game in which that section east of the Rockies showed to any advantage in competition with the California organizations.

New York—Officials of the New York Yankees and the St. Paul American Association club are expected to reach a working agreement at a conference today which will make a Yankee farm out of the Sians. Bol Connery, former chief scout of the Yankees, recently bought the St. Paul club.

South Bend, Ind.—Notre Dame students will set up a memorial tablet to perpetuate the names of the 1924 national championship grid squad, at a celebration Friday night in honor of the team. Jimmy Crowley, one of the four horsemen who has been ill in San Francisco will be here for the blow out.

Minneapolis—John Faricci, Olympic breast stroke swimmer has been declared eligible for Big Ten competition here. He left the University of Minnesota to compete for the Illinois A. C., to prepare himself for the Paris games.

Chicago—Bill Abbott, quarterback of the Maroon football team and center on the basketball squad, has been selected as chairman of the 1925 national interscholastic basketball tournament to be held here April 1-4.

UP AND AT 'EM THIS WEEK. GANG! PREPARE FOR THAT BIG TOURNEY OVER AT CONNERSVILLE SATURDAY. WE WANT THAT MUG.

The hardest game this week is being played now. Old man ex-ams come first. If he wins, then look out.

Newcastle also is ending their semester this week, and promise to have several new faces in their lineup.

The essay contest sponsored by Hardwood in the Indianapolis Star, deserves mention. If the schools of Rush county uphold true basketball sportsmanship, then some high school in this county should win the prize for the best essay. Go to it, and win the honors.

AN EARLY START

Bill Thornburgh and Robert Gordon, sport scribes on the Newcastle Courier, are off to the Connorsville tourney. They got an early start on the Lake Erie, and will be there in time for the opening game.

So far as we know, New Palestine won the invitational tourney up at Falmouth Saturday night, because we didn't get any more word about the all day affair. Someone said the score was New Palestine 33 and Fairview 21 in the final game.

May Book Washington Here Next March

An attempt to get Washington high school to play here February 27, is now being made by E. B. Butler, high school principal. That is the night that Liberty plays here, and the second team can handle that situation. Washington has won 14 straight games, with their latest victim being Jeff of Lafayette 40 to 23. The Lafayette team on the week before swamped Bedford, and a few weeks before held Anderson to one point, 42 to 41. The comparative scores show that Washington is fast, and as February 27 is the week before the tourney, a fast team should be played in order to keep the old fight up until the very end.

Newcastle high school has completed their 20 game schedule for next year. Only one game is scheduled with Rushville, to be played at Newcastle Nov. 27. The custom of booking only one game with each team is being followed out closely with most teams, because in this manner more territory can be covered in a season.

Rushville's eight game football schedule will be announced in a few days. Watch for it.

Rushville Loses Their First Game

The following comment from "The Schuyler Citizen", is of interest here: "Rushville high school lost their first basketball game of the season last Friday night to Versailles. The 14-15 score shows that the game was exciting, interesting and hard fought. At the end of the first quarter the score was 4 to 4; at the end of the half 8 to 10, at the end of the third quarter, 12 to 11; at the end of the game 14-15."

"Rushville high school has no alibies and wishes to congratulate Versailles on her clean playing and good sportsmanship. The Clayton high school will journey to Rushville and meet the locals on Saturday night. Mr. Sterling was to have played, but was forced to cancel, due to the fact that their gymnasium is not ready."

The above concerns Rushville, but it happens to be our name sake over in Illinois. Glad to learn that they have a good team, which has lost only one game, and that by one point.

Morton of Richmond sure has a terrific kick in the last half: when Rushville played there, the locals were leading 19 to 11 in the first half, but Richmond came back in the second half and tied the score, causing it to go overtime. Then Shelbyville last Friday was leading 16 to 11 at the first half, but in the last half Richmond again put forth their kick, and won out 27 to 23, holding Shelbyville to 2 field goals in the last half.

The Richmond Palladium comments on the game, stating that it was another hair-raiser, with the only difference between it and the Rushville game being, that they defeated Shelbyville in a regular 40 minute game, and in the Rushville game was forced 5 minutes overtime.

PICKS HIS WINNER

Dear Hittin' 'em—Just a little dope on the district tourney next Saturday. Bearing in mind the fact that the halves (except the final game) are just fifteen minutes long, one should not expect the scores to be as large as in regular games.

Then there are several other reasons, too. The team playing might not be putting its full force into the game. They might be getting used to the large floor, the goals, the lighting system or several other minor reasons.

Of course this only counts in the first (morning) round because that is the only round in which the weaker teams play. So, for my part, I offer the following scores:
Connorsville 30; Winchester 19
Rushville 36; Brookville 14
Greensburg 26; Liberty 12

Newcastle 29; Connorsville 26
Rushville 33; Greensburg 26
Rushville 35; Newcastle 28
Yours, R. A. CHESSE

SPEEDY ACTION IS NOW BEING URGED

Steering Committee in State Legislature is Seeking to Hurry Bills Through Committees

FIRST BILL IS PASSED

Measure Voted by Gov. McCray, Licensing Podiatrists, Now Becomes a New Law in State

(By United Press)

Indianapolis, Ind., Jan. 20—Preparations were being made today by the steering committee appointed in the state house of representatives to hurry bills through committees so they may get speedy action on the floor of the legislature.

The first bill to pass the seventy-fourth general assembly passed yesterday when the senate voted favorably on the bill authorizing the licensing of podiatrists by the state board of medical examiners. The bill was passed by the last legislature but was vetoed by Governor McCray. The bill now becomes a law.

Despite the fact that the sessions in both houses were short yesterday afternoon, fourteen bills were introduced in the senate and nineteen in the house.

Senator Holmes, of Gary, introduced the two principal bills in the senate. One would regulate the sale of firearms and the other would appropriate \$250,000 for the construction of a psychiatric hospital in conjunction with the Robert W. Long hospital.

Two more bills to increase the power of the public service commission were also introduced. One offered by Senator Cann, of Frankfort, would prevent utilities from diverting depreciation funds to capital stock so that they can demand increased rates on a capitalization basis. The other introduced by Representative Mendenhall and Clark, would give power to the commission in regulating the finance of utilities.

Codification and revision of the state fish and game law is sought in a bill introduced by Senator Penrod, of Logansport.

To date 130 measures have been introduced in both houses, seven have advanced to engrossment ready for third reading and passage, and one joint resolution has been passed to engrossment.

YOUNG MAN WELL KNOWN HERE COMMITS SUICIDE

Dwight Bronson of Shelbyville Shoots Himself, Following Questioning by Police

'24 HIGH SCHOOL GRADUATE

Dwight Bronson, son of Mr. and Mrs. Warren Bronson, of Shelbyville committed suicide Sunday night at his home in that city, humiliation and despondency, being given as the chief reasons for the death. The deceased was only eighteen years of age, and was a prominent young man of Shelbyville and was well known in this city, having visited here on a number of occasions.

It is believed that the shot was fired about 10:30 o'clock Sunday night, as his mother found him in an unconscious condition about that time and he was immediately taken to the Major hospital where the death occurred about 12:20 o'clock.

An unfortunate occurrence in the downtown district Sunday night is thought to have been the cause of the young man's act. He and a companion were questioned by police Chief Thompson of Shelbyville, whose attention was attracted by their actions on West Jackson street. It is stated that neither of the boys were intoxicated, but both had apparently been drinking. Both boys were ordered to appear in the police court Monday morning for questioning in regard to the source of the liquor being furnished the young man. Mr. Bronson shot himself with a .38 calibre revolver, the bullet entered the right temple, passing through the head and emerging from the left temple.

He graduated from the Shelbyville high school last spring and during his school career had been prominent in class athletics. Besides his parents he is survived by two sisters, Justine and Betsy Jane. Funeral services will be held Wednesday afternoon at two o'clock at the late residence 134 W. Franklin street.

Chicago—Wayne Munn, newly crowned heavyweight wrestling champion, left for Kansas City today to prepare for a theatrical engagement, which will start the latter part of this month.

INDIANA SCHOOLS RANK 4TH IN U. S.

Hoosier Schools Jumped From Seventeenth Place in 1918 to Fourth Place Last Year

THREE LAWS WERE CAUSE

School Attendance Law, Minimum Wage Law and Johnston Home Rule Bill were Responsible

Columbus, Ind., Jan. 20—Indiana schools rank fourth among the schools of the nation, according to an article published today by the Indiana Teacher, official publication of the Indiana State Teachers' Association.

The Hoosier schools jumped from seventeenth place in rating among the schools of the various states in 1918 to fourth place last year, the article says, and is preceded only by California, New Jersey and Ohio.

The rating is made in a survey conducted under the supervision of the Russell Sage Foundation in which data compiled by the United States Bureau of Education is used.

"The shift of Indiana from seventeenth place to fourth place was not an accident nor the result of local initiative or leadership," the article says. "It was the result of three carefully planned laws which were formulated and urged by members of the teaching profession and passed by the legislature because the need of such legislation was convincingly demonstrated by school men and women of the state."

"The three measures were the school attendance law, the minimum wage law of 1920 and the so-called Johnston home rule bill."

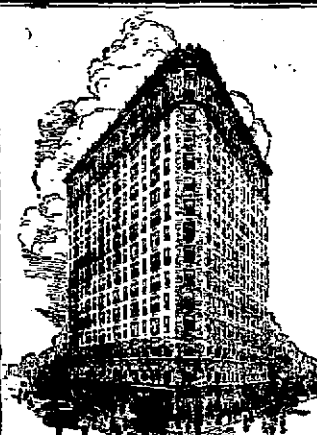

"The latter measure prevented financial disaster in hundreds of Indiana school corporations and made possible the large advance of Indiana under several points considered in rating the schools."

"Indiana's present educational rank is largely due to the initiative and public spirit of members of the teaching profession and it is safe to say that every important advance in school legislation and practice since 1852 has been due in large part to the efforts of professional organizations of teachers."

"A careful study of available statistics clearly shows that Indiana would have ranked second had a modern county unit system of rural schools been in operation."

The points on which the rating is made are:

1. Percent of school population attending school daily.
2. Average days attended by each child of school age.
3. Average number of days schools are kept open.
4. Percent that high school attendance is of the total attendance.
5. Percent of boys in high school in comparison with girls.
6. Average annual expenditure per child attending.
7. Average annual expenditure per child of school age.
8. Average annual expenditure per teacher employed.
9. Expenditure per pupil for purposes other than teachers' salaries.
10. Expenditures per teacher for salaries.

Mr. and Mrs. Frank Hatfield entertained Sunday evening with a six o'clock dinner-party at their home in this city. Their guests were Mr. and Mrs. Clem Perkins and family and Elmer Arney of this city and Lennie Perkins of Indianapolis. The evening was spent in playing cards and with music.

The meeting of the Missionary Society of the First Baptist church will be held Wednesday afternoon at two o'clock at the home of Mrs. B. W. Reynolds in West Fifth street, instead of at the home of Mrs. Chester Ridout as previously planned. The place of the meeting was changed on account of sickness at the Ridout home.

Mr. and Mrs. Russel Youngs and children Eugene, Rath and Norman entertained at their country home east of Orange Sunday, the following guests: Mrs. Ellen Hauk, Mr. and Mrs. Logan Creek, Mrs. Noral L. Kaler and Mr. and Mrs. W. J. Miller and son Fred. At noon a fine dinner was served after which the afternoon was spent in a social way with music on violin, harp and organ.

Mrs. Ora L. Stephens was hostess to the members of the Fairview League of Women Voters last Friday afternoon, January 16, at her home in Mauzy. A full attendance of members and one guest, Mrs. Rodney Shipley, enjoyed the meeting. "Current Events" were given as responses at roll call. The business session was conducted by the president, Mrs. A. J. Britt and the Local Affairs by Mrs. James Rees. Mrs. J. E. Walther gave a very interesting and instructive talk on the bills that are being sponsored by the League that are now up for passage before the state legislature. "Women's Page"

Skirts Shorter, Stockings Sheerer And Shivering Shins Are Result

By HEDDA HOYT
(Written for United Press)

New York, Jan. 26—In spite of New York's wintry blasts, skirts grow shorter and stockings sheerer. American women needed but one little hint from Paris that short skirts were actually in again and hems flew upwards, first along Broadway and then along the avenue. And do not believe for a minute that their is an age limit on skirt lengths! Even another is shortening her hems while the ex-flapper considers two inches below the knee a moderate length.

Every woman is as old as her skirt length these days. Of course, there are a few respectable and bespectacled standpatters who keep their hems within a two-inch range, regardless of the styles. When skirts are short they raise their hems an inch, conceding that much to style. Then there are a few women of the on-the-fence type, who linger along at a half pace, never exceeding the ten-inch hem limit, but the fashionable progressives accept the short skirt verdict with glee, as they carry out their slogan "the knee is the limit."

If one were asked for the most conspicuous style on the avenue today she would say "legs." For whether skirts are short, or full and circular, they are an inconspicuous part of the scenery. Stockings are as sheer as ever if not more so and shoes this season are as lovely as the manufacturers can make them. The old woolen stockings and flat heeled walking boots of a season or two ago, are decidedly passe. They flew with the flapper and are no more. In their place we have satin shoes and guaze hosiery of a matching shade.

Since the majority of frocks, ensemble suits and coats this year are bordered in fur at the hem, the short skirts do not look as though one had run out of material. Fur borders give them a finished appearance.

One can not be too careful about the appearance of one's feet this season as short skirts demand good-looking footwear. Plain patent pumps with gummetal hosiery are smart and brown leather with matching hosiery is also popular. Shoes of cut-out type are seldom worn by smartly gowned woman, however. Vamps are shorter, if anything, and heels are moderately high. Suede shoes have many followers and velvet is again being worn. For afternoon wear shoes made of a very light shade of brown satin are extremely chic, especially if brown be the leading color not of one's costume. Still a lighter shade called "blond" satin is worn for evening, although the silver slipper is still generally popular.

Evening capes of vivid velvet are fully as popular and equally as pretty as the most costly ermine wraps which have had such a following. Many of the fashionables who gather nightly at the Metropolitan Opera House are wearing lovely velvet wraps in preference to those of fur. So many women in New

Sues Professor

Prof. R. Crease Journey of North Carolina State Agricultural College kissed his wife, Mrs. Helen Journey, now of Oak Park, Ill., before each meal. But with every smack, he pinched her back so forcibly, the accusation didn't register. Mrs. Journey charges in her divorce petition. She also accuses the professor of trying to bribe a college student to take her away. But in his cross-bill, Journey charges his wife was too friendly with the student.

York possess real or imitation ermine wraps that they are no longer conspicuously beautiful. Whenever a style becomes over-popular or is duplicated in cheaper material, it loses its style value.

That is what put the seal coat out of vogue and that is what is happening to the ermine wrap. The majority of velvet wraps are in brilliant colors, such as red, coral, peacock, green, etc. They are generally made in cape effect, as this year's evening wrap is the sleeveless wrap-about garment. Collars are either of fur or of ostrich of self-shade. Recently such combinations as green velvet with green marabou collars have been noted in the Metropolitan's audience.

Evening gowns are simple affairs relying upon straight lines and lovely material for their chic. Most gowns are beltless, sleeveless and short hemmed. Necklines are still rounding and cut rather higher in front than in back.

Huge ostrich fans grow gayer in cool at each performance of the Opera and more women are carrying them this season than previous seasons. It seems one can't go to the opera without a fan, regardless of the drafts which come through the doorways and give one the sneezes. The boxes are just one fan after another until one rearranges the nursery rhyme to—"Mother, may I go out tonight?" "Yes, my darling daughter—Hang your fan on the balcony box And hold your head with hauteur."

HONORED AT REVIVAL BY VISITING DELEGATION

The Rev. O. P. Wamsley of this city, is in Booneville, Ind., assisting in a revival service at the Hemenway Memorial Presbyterian church. State Evangelist V. D. Ragen of Indianapolis is the evangelist and he and Mr. Wamsley are conducting a successful meeting there.

The Rev. Mr. Wamsley has charge of the large chorus choir, which is according to an item in the Booneville doing fine work under his direction. Standard. On Thursday evening of last week, the Rev. F. T. Taylor, pastor of the M. E. church at Rockport, Ind., and formerly of Glenwood, together with sixty members of his choir and congregation, attended the services, honoring Mr. Wamsley. The Rockport choir furnished the music that evening. Following the services a social was held in the basement of the church.

BIRTHS

A baby boy weighing nine and one-half pounds was born early Tuesday morning to the wife of Jesse Drake at their home in West Seventh street. The baby was named Kellas Richard.

ARRESTS IN AUTO KILLING

Indianapolis, Ind., Jan. 20—Two men, whose names were withheld by police are under high bonds today, following their arrest in connection with the death of Ada May Whitaker who was killed by an automobile in front of her home last week.

SERMONS MAKE GOOD IMPRESSION IN CITY

Evangelist Waters is Native of North Carolina and Has Preached for Leading Congregations

IS HOLDING REVIVAL HERE

The Rev. Joseph D. Waters of Zanesville, Ohio, who opened a series of revival meetings at the Main Street Christian church Sunday, to continue the remainder of the week, is characterized by Zanesville newspapers as "a profound theologian and eloquent orator."

His sermon Sunday morning on "The Transfiguration" was pronounced by many to be one of the best sermons they ever heard and the sermon Sunday evening, "The Great Salvation," made a profound impression.

The audiences Sunday were the largest the church has had for several weeks. An attendance of 600 at the Sunday school next Sunday morning has been the goal set.

Evangelist Waters is a native of North Carolina, a graduate of the College of Bible at Lexington, Ky., a former editor of the Watch Tower, state evangelist of North Carolina and has preached for some of the leading congregations of the church of Christ. The Rev. Mr. Waters has traveled in sixteen different foreign countries, including the Bible lands.

Weds Duke

Margaret Clarke of Florida, Ill., has become the bride of the Duke of Melito, Filippo Carracciolo. The ceremony took place in Florence, near where Miss Clarke and her mother have been living.

He has been known in his pastorates as the "marrying parson" on account of the large number of marriage ceremonies performed.

Washington—Fire damage here during 1924 was exceptionally light. Losses totalling only \$6,922 were sustained. Of the 69 runs made only two were from false alarms.

Effective Means of Reducing Fat

Here is an extraordinary method of reducing weight—extraordinary because no starvation diets or violent exercises are necessary. Marmola Prescription Tablets are made exactly in accordance with the famous Marmola Prescription. They reduce you steadily and easily, with no ill effects. Procure them from your druggist at one dollar for a box or send price direct to the Marmola Company, General Motors Building, Detroit, Mich. Once you start taking these tablets and losing your fatness, you will be happy again.
